5/23/2018 Annual Report

CR02728-2018

# SECURITIES AND EXCHANGE COMMISSION SEC FORM 17-A, AS AMENDED

## ANNUAL REPORT PURSUANT TO SECTION 17 OF THE SECURITIES REGULATION CODE AND SECTION 141 OF THE CORPORATION CODE OF THE PHILIPPINES

1. For the fiscal year ended

Dec 31, 2017

2. SEC Identification Number

12942

3. BIR Tax Identification No.

000-104-320-000

4. Exact name of issuer as specified in its charter

Marcventures Holdings Inc.

5. Province, country or other jurisdiction of incorporation or organization Manila, Philippines

- 6. Industry Classification Code(SEC Use Only)
- 7. Address of principal office

4th Floor Citibank Center, Paseo de Roxas, Makati City Postal Code 1227

8. Issuer's telephone number, including area code 632-8314479

9. Former name or former address, and former fiscal year, if changed since last report

10. Securities registered pursuant to Sections 8 and 12 of the SRC or Sections 4 and 8 of the RSA

Title of Each Class	Number of Shares of Common Stock Outstanding and Amount of Debt Outstanding	
Common	2,969,088,599	

- 11. Are any or all of registrant's securities listed on a Stock Exchange?
  - YesNo

If yes, state the name of such stock exchange and the classes of securities listed therein: Philippine Stock Exchange

- 12. Check whether the issuer:
  - (a) has filed all reports required to be filed by Section 17 of the SRC and SRC Rule 17.1 thereunder or Section 11 of the RSA and RSA Rule 11(a)-1 thereunder, and Sections 26 and 141

5/23/2018 Annual Report

of The Corporation Code of the Philippines during the preceding twelve (12) months (or for such shorter period that the registrant was required to file such reports)								
Yes No								
<ul><li>(b) has been subject to such filing requirements for the past ninety (90) days</li><li>● Yes</li><li>No</li></ul>								
13. State the aggregate market value of the voting stock held by non-affiliates of the registrant. The aggregate market value shall be computed by reference to the price at which the stock was sold, or the average bid and asked prices of such stock, as of a specified date within sixty (60) days prior to the date of filing. If a determination as to whether a particular person or entity is an affiliate cannot be made without involving unreasonable effort and expense, the aggregate market value of the common stock held by non-affiliates may be calculated on the basis of assumptions reasonable under the circumstances, provided the assumptions are set forth in this Form								
844,822,033								
APPLICABLE ONLY TO ISSUERS INVOLVED IN INSOLVENCY SUSPENSION OF PAYMENTS PROCEEDINGS DURING THE PRECEDING FIVE YEARS								
14. Check whether the issuer has filed all documents and reports required to be filed by Section 17 of the Code subsequent to the distribution of securities under a plan confirmed by a court or the Commission.								
Yes No								
DOCUMENTS INCORPORATED BY REFERENCE								
15. If any of the following documents are incorporated by reference, briefly describe them and identify the part of SEC Form 17-A into which the document is incorporated:								
(a) Any annual report to security holders -								
(b) Any information statement filed pursuant to SRC Rule 20 -								
(c) Any prospectus filed pursuant to SRC Rule 8.1								

The Exchange does not warrant and holds no responsibility for the veracity of the facts and representations contained in all corporate disclosures, including financial reports. All data contained herein are prepared and submitted by the disclosing party to the Exchange, and are disseminated solely for purposes of information. Any questions on the data contained herein should be addressed directly to the Corporate Information Officer of the disclosing party.

### PART I - BUSINESS AND GENERAL INFORMATION

### **ITEM 1. BUSINESS**

### **Background**

Marcventures Holdings, Inc. (Formerly: AJO.net Holdings, Inc.), the Parent Company (or Company), was incorporated and registered with the Securities and Exchange Commission (SEC) on August 7, 1957, with a primary purpose to acquire by purchase, exchange, assignment, gift or otherwise, and to hold, own and use for investment or otherwise, and to sell, assign, transfer, exchange, lease, let, develop, mortgage, pledge, traffic, deal in, and with, and otherwise operate, manage, enjoy and dispose of, any and all properties of every kind and description and wherever situated, including land as and to the extent permitted by law, including but not limited to, buildings, tenements, warehouses, factories, edifices and structures and other improvements and bonds, debentures, promissory notes, shares of stock, or other securities or obligations, created, negotiated or issued by any corporation, association or other entity, foreign or domestic and while the owner, holder or possessors thereof, to exercise all rights, powers and privileges of ownership or any other interest therein, including the right to receive, collect and dispose of, any and all rentals, dividends, interest and income derived therefrom, and the right to vote on any proprietary or other interest, on any shares of the capital stock, and upon any bonds, debentures or other securities having voting power, so owned or held; and provided it shall not engage in the business of an open-end or close-end investment company as defined in the Investment Company Act (Republic Act 2629), or act as a securities broker or dealer.

On December 15, 2009, the Parent Company entered into a Memorandum of Agreement (MOA) between the shareholders of Marcventures Mining & Development Corporation (Investor Group) and their partners to exchange their ownership of MMDC for a total value of ₱1.3 billion consisting of: (i) new Parent Company shares worth ₱100.0 million representing the full payment of the balance for the subscription to the increase in authorized capital stock; (ii) additional Parent Company shares worth ₱1.15 billion to be issued from the authorized capital stock as increased, and the new par value of the Parent Company after its corporate restructuring; and (iii) 488 membership certificates of The Metropolitan Club, Inc. (Metroclub Certificates) with an agreed net value of ₱50.0 million together with the Parent Company's rights, obligation and interests. The consolidated financial statements assumed June 30, 2010 as the acquisition date.

In March 2010, the Company reduced the par value of its capital stock from ₱0.10 to ₱0.01, which resulted in a reduction in its issued and outstanding capital stock in the amount of ₱459 million and in a corresponding increase in its Additional Paid-in Capital account. Subsequently, the Company issued 5 billion new shares (par value of ₱0.01) at a price of ₱0.02, which resulted in additional paid-in capital of ₱50.0 million. The Company also transferred the amount of ₱441.0 million from its Additional Paid-in Capital to reduce its Deficit account.

On September 30, 2010, the Securities and Exchange Commission approved the change in the par value of its capital stock from ₱0.01 to ₱1.00.

Marcventures Mining & Development Corporation (MMDC), the wholly-owned Subsidiary of the Parent Company, is incorporated in the Philippines and is engaged primarily to carry on the business of mining, smelting, extracting, smelting mineral ores such as, but not limited to nickel, chromites, copper, gold, manganese and other similar ores and/natural metallic or non-metallic resource from the earth; to operate, manage and/or engage in the business of smelting, and/or operate smelting plant, to refine and/or convert metals, ore, and other precious metals into finished products within the commerce of man.

MMDC obtained its ISO 14001:2004 + Cor. 1:2009 Certification from TÜV Rheinland Cert GmbH, an International Certification Body performing system certification and training as well as providing third-party audit/certification based on various international standards. The certificate issued in favor of MMDC dated 16 May 2016 complies with DENR Administrative Order No. 2015-07. It confirms that MMDC's Environment Management Systems implemented for Mining and Shipping of Nickel Laterite Ore and Post-Mining Activities are compliant with International Standards.

Going beyond regulatory demand, MMDC integrated 3 management systems to raise business standards and more importantly, protect the environment and people. After rigorous, simultaneous audits, MMDC's Surigao Nickel Mining project obtained International Organization for Standardization (ISO)certification for Environmental Management System (ISO 14001:2015), Quality Mangement System (ISO 9001:2015), and the Occupational Health and Safety Management System (ISO18001:2007). The British certifying body National Quality Assurance (NQA), which granted MMDC the ISO certification in September 2017, also certified the Company's integrated Management Systems (IMS)

On December 29, 2017, the Securities and Exchange Commission approved the merger of MHI with Asia Pilot Mining Philippines Corp. (APMPC) and BrightGreen Resources Holdings Inc. ("BHI") with MHI as the surviving entity. The merger resulted to MHI's acquisition of APMPC's subsidiaries, namely, Alumina Mining Philippines Inc. ("AMPI") and Bauxite Resources Inc. ("BARI") as well as BHI's subsidiary, BrightGreen Resources Corp. ("BRC").

The Company is not involved in any bankruptcy, receivership or similar proceedings.

The Company is listed in the Philippine Stock Exchange. The consolidated financial statements include the accounts of the Parent Company and its subsidiaries, MMDC as at December 31, 2017 and 2016 and for the years ended December 31, 2017, 2016 and 2015 and BGRC, AMPI and BARI as at December 31, 2017.

The Parent Company's current registered office is located at Unit 4-3 4th Flr. Citibank Center Condominium 8741 Paseo de Roxas, Makati City.

### **Subsidiaries**

Below are the Parent Company ownership interests in its subsidiaries:

Subsidiaries	2017	2016
Marcventures Mining and Development Corporation	100%	100%
BrightGreen Resources Corporation (BGRC)	100%	_
Alumina Mining Philippines Inc. (AMPI)	100%	-
Bauxite Resources Inc. (BARI)	100%	_

### **Updates and Developments**

### Merger of the Parent Company, Brightgreen Resources Holdings Inc. (BHI) and Asia Pilot Mining Phils. Corp. (APMPC)

On December 29, 2017, the SEC approved the application for merger of the Parent Company, BHI and APMPC, with the Parent Company as the surviving entity and the increase in authorized capital stock of the Parent Company to accommodate the merger from 2,000,000,000 shares at \$1 par value to 4,000,000,000 shares at \$1 par value a share. Out of this increase, a total of 1,125,000,000 of the Parent Company's common shares were issued to BHI and APMPC shareholders at \$1 per share.

BHI owns 100% interest in BrightGreen Resources Corporation (BGRC) and APMPC owns 100% interest in Alumina Mining Philippines, Inc. (AMPI) and Bauxite Resources, Inc. (BARI).

### Information about the Subsidiaries

All of the subsidiaries of the Parent Company are wholly-owned.

Marcventures Mining and Development Corporation (MMDC). MMDC was incorporated and registered with the SEC on January 18, 1995 primarily to engage and/or carry on the business of extracting, mining, smelting, refining and converting mineral ores such as, but not limited to nickel, chromites, copper, gold, manganese and other similar ores and/natural metallic or non-metallic resource.

MMDC has been granted by the Department of Environment and Natural Resources (DENR) Mineral Production Sharing Agreement (MPSA) No. 016-93-XIII covering an area of approximately 4,799 hectares located in the municipalities of Carrascal, Cantilan and Madrid, Surigao Del Sur.

Originally, the MPSA was granted to Ventura Timber Corporation (VTC) on June 19, 1992. In January 1995, VTC executed a deed of assignment (the Deed) to transfer to MMDC all its rights and interest in and title to the MPSA. On January 15, 2008, the Deed was approved by the Mines and Geosciences Bureau (MGB).

On June 24, 2016, the DENR issued an order approving the extension of MMDC's MPSA for a period of 9 years starting from the expiration of the first 25-year term.

On February 13, 2017, MMDC received an order dated February 8, 2017 from the DENR cancelling its MPSA. Management and its legal counsel believe that the order has no basis and the outcome of legal actions taken will not have a material adverse effect on the Company's operations (see Note 25). Accordingly, the Company has continued its mining operations in areas covered by the MPSA.

*BGRC*. BGRC was incorporated and registered with the SEC on July 20, 1989 to engage in the mining business.

On July 1, 1993, the DENR approved BGRC's application for MPSA No. 015-93-XI (SMR) covering an area of approximately 4,860 hectares located in the municipalities of Carrascal and Cantilan, Surigao del Sur. BGRC is undertaking its continuous exploratory drilling program to block mineral resources at indicated and measured category.

*AMPI*. AMPI was incorporated and registered with the SEC on August 31, 2001 to engage in the mining business.

On December 5, 2002, the DENR approved AMPI's application for MPSA No. 179-2002-VIII-SBMR covering 6,694 hectares in the municipalities of San Jose de Buan and Paranas Samar in Eastern Visayas (Region VIII), valid for 25 years and renewable for another 25 years.

BARI was incorporated and registered with the SEC on August 31, 2001 to engage in the mining business.

On December 5, 2002, the DENR approved BARI's application for MPSA No. 180-2002-VIII-SBMR covering 5,519 hectares in the Municipalities of Gandara, San Jose de Buan, Matuguinao, and San Jorge, Province of Samar (formerly known as Western Samar) in Eastern Visayas (Region VIII), valid for 25 years and renewable for another 25 years.

BGRC, AMPI and BARI received a Show-Cause Order dated February 13, 2017 from the DENR to explain why their MPSA should not be cancelled pursuant to an alleged violation. BGRC submitted a reply explaining that it has a prior legal right. While AMPI and BARI submitted replies that their contract areas are not part of any watershed and are even declared as Bauxite Mineral Reservations which allows development of bauxite deposits.

### **Products/Sales/Competition**

The MMDC's main product is nickel ore. All of its nickel ore production were exported to China. The principal market for nickel ore production from the Philippines is currently China. After Indonesia implemented a ban on nickel ore exports, the Philippines has become the main source of Chinese nickel ore – Chinese imports of ores from the Philippines accounted for 97% of total imports in 2015 and 2016. Chinese companies prefer Philippine-sourced nickel ore due to savings in freight costs because of the proximity of the Philippines to China. Nickel ore is sold to Chinese customers based on FOB shipping point and customers handle the charter of vessels. China also relies heavily on imported nickel ore due to insufficient domestic supplies. While the Company does not rely heavily on a single customer, it is affected by the market price of nickel ore depending on domestic and foreign supply and demand.

### **Sources and availability of Raw Materials**

MMDC's nickel ore is extracted from its mining property covered by MPSA No. 016-93-XIII in Surigao del Sur in the municipalities of Cantilan, Carrascal and Madrid.

Equipment, spare parts, and other operating supplies are readily available both locally and abroad and as such the Company is not expected to be dependent upon one or a limited number of suppliers.

### **Mining Claim**

MMDC has been granted by the DENR of the Philippine National Government a MPSA No. 016-93-XIII covering an area of approximately 4,799 hectares located in Surigao Del Sur. As the holder of the said MPSA, MMDC has the exclusive right to conduct and develop mining operations within the mineral property over a period of 25 years from July 1, 1993. The MPSA is valid until 2018 and renewable for another 25 years. MMDC has identified Nickel Ore as the primary mineral that will be extracted and sold to third parties due to the abundance and favorable characteristics of nickel within the mineral property.

The MPSA was originally granted to Ventura Timber Corporation on June 19, 1992 and subsequently approved on July 1, 1993. In January 1995, a deed of assignment (Dee executed, wherein Ventura assigned to MMDC all its rights, title and interest in and to MPSA No. 016-93-XIII. The Deed was duly registered with the Mines and Geosciences Bureau (MGB) Regional Office (RO) No. XIII on February 9, 1995, and was subsequently approved on January 15, 2008, making the Subsidiary the official contractor of the mineral property.

To date the Company has done exploration work on 1,659 hectares and has performed mining operations on 197 hectares on the above MPSA covered area.

On June 24, 2016, the DENR issued an order approving the extension of MPSA for a period of 9 years starting from the expiration of the 25-year term.

Aside from the above discussed MPSA, the approval of the Merger of the Parent Company with Asia Pilot Mining Philippines Corp. (AMPC) and the holding company of Brightgreen Resources Corp. (BRC) gave the Company 3 additional mining claims, particularly, under MPSA 179-2002 VIII (SBMR) with an area of 6,694 Hectares located in Motiong, San Jose De Buan and Wright, Province of Samar issued on December 5, 2002 to Alumina Mining Philippines Inc. and MPSA 180-2002 VIII (SBMR) with an area of 5,519 Hectares located in Gandara, San Jose De Buan and Wright, Province of Samar issued on December 5, 2002 in favor of Bauxite Resources Inc. and MPSA 015-93-XIII issued to BrightGreen Resources Corp. which was approved on 01 July 1993, covering approximately 4,860 hectares of Carrascal and Cantilan, Surigao del Sur.

### **Government Regulation and Approvals**

As mentioned above the Company's subsidiaries are holders of MPSA issued by the MGB which defines the percentage share of the local and national government in the mining revenues. MGB also regulates the export of mineral ores with the issuance of Ore Transport/Mineral Ore permits before any shipment can be made. The DENR monitors compliance with the environmental protection and enhancement program, as well as, the social development and management programs of the Company and requires a certain percentage of the Company's operating cost to be allotted to these programs. The costs of complying with the above regulatory requirements are appropriately reflected in the books either as an expense or as a capital asset under the GAAP.

Determination of the effect of probable government regulations cannot be known until specific provisions are made clear.

### **Compliance with Environmental Laws**

The Company is strongly committed to its policy of protecting and enhancing the environment. It spent ₱62.2 million and ₱34.2 million on its environmental and enhancement program (EPEP) in 2017 and 2016, respectively.

### **Related Party Transactions**

As at December 31, 2017, the total advances to related parties has an outstanding balance of ₱42.8 million which represents a non-interest bearing unsecured and payable on demand.

On the other hand, the total advances from related parties as at December 31, 2017 has an outstanding balance of \$10.0 million which represents a non-interest bearing unsecured loan payable on demand.

Please refer to Note 21 on page 34 of the 2017 Audited Consolidated Financial Statements (ACFS).

### **Employees**

### Parent Company

The Company currently has a total of 8 employees, consisting of 1 executive position, 1 in legal, 2 in accounting/clerical, 2 in administrative, 2 messenger personnel. For the ensuing 12 months, the Company anticipates it will have the same number of employees. There is no employees' union and neither is there a collective bargaining agreement with the employees. There has not been a strike by the employees in the Company's history. The Company believes relations with the employees are good.

### Marcventures Mining & Development Corporation (MMDC)

As of December 31, 2017, MMDC engaged a total of 839 workers. Out of the 839 workers, 138 are employed by manpower and security agencies engaged by MMDC

### Table below show the distribution of our workforce:

	<b>Head Office</b>	Minesite	Total
Senior Management	8	7	15
Managers	7	16	23
Supervisors	18	120	138

Probationary	22	0
Seasonal	660	245
Total	1,113	386

For the year 2016, MMDC engaged a total of 1,337 workers. Out of the 1,337 workers, 755 are employed by manpower and security agencies engaged by MMDC.

On May 22, 2015, MMDC entered into a collective bargaining agreement with the Samahan ng Responsableng Manggagawa ng Marcventures Mining & Development Corporation (SRMMDC). The agreement shall be in full force for a period of 5 years starting June 1, 2015.

### Risks Related to our Business and Industry

### **Market Risk**

Our revenue is dependent on both the volume and on the world market price of nickel. The sales price of nickel or is correlated with the world market price of nickel. The nickel price is subject to volatile price movements over time and is affected by numerous factors that are beyond the Company's control.

From the start of the Company's shipment operations, 100% of our revenue are derived from sale of nickel ore into China. While China has become a significant source of global demand for commodities, our exposure to the Chinese Market and our short-term supply agreements with Chinese customers have resulted in increased volatility in our business.

### **Operational Risk**

The Mining operations are influenced by changing conditions that can affect the production levels and cost for varying periods that can diminish revenues and income. Severe weather conditions, changing prices of fuels and other supplies, increase in taxes and repair costs could have significant impact on the productivity of the Company's operating results.

### Foreign exchange risk

As all revenues are in US dollars, the Company revenues are affected by fluctuations in the US\$/PHP exchange rate. To mitigate this risk, the Company closely monitors foreign exchange rates trends and properly-timed conversion of dollars into peso to attain the best rates.

### Other risks

Other risks affecting the Company were discussed in Note 26 on pages 38-42 of the 2017 ACFS.

### **ITEM 2. DESCRIPTION OF PROPERTIES**

### **Mineral Properties**

MHI currently has four (4) mining subsidiaries, namely, Marcventures Mining and Development Corporation, ("MMDC"), BrightGreen Resources Corp. ("BRC"), Alumina Mining Philippines Inc. ("AMPI") and Bauxite Resources Inc. ("BARI").

### **MMDC**

The Company, through its subsidiary Marcventures Mining & Development Corporation, holds Mineral Production Sharing Agreement No. 016-93-XIII which covers 4,799 hectares in the province of Surigao Del Sur. It is physiologically located within the Diwata Mountain Range.

### **BRC**

BrightGreen Resources Corp., another subsidiary of The Company holds MPSA No. 015-93-XIII approved on 01 July 1993, covering approximately 4,860 hectares of the Municipalities of Carrascal and Cantilan in the Province of Surigao del Sur.

### **AMPI**

Alumina Mining Philippines Inc. holds MPSA No. 179-2002 VIII (SBMR), with an area of 6,694 hectares located in the Province of Samar, issued on December 5, 2002.

### **BARI**

Bauxite Resources Inc. holds MPSA No. 180-2002 VIII (SBMR), with an area of 5,519 hectares located in the Province of Samar, issued on December 5, 2002.

Estimates of the MPSA's mineral resources and reserves are as follows:

RESOURCE	MMDC	BRC	AMPI	BARI
Volume	Measured & Indicated	Measured &	Measured &	Measured &
	Saprolite:	Indicated	Indicated Bauxite	Indicated Bauxite
	8.106 million WMT at	Saprolite:	Ore:	Ore:
	1.44% Nickel, 13.48%	3.055 million WMT at	41.713 million WMT	31.469 million
	Iron	1.59% Nickel, 14.85%	At 40.06% Al <sub>2</sub> O <sub>3</sub>	WMT
		Iron	and 14.50% SiO <sub>2</sub>	At 43.78% Al <sub>2</sub> O <sub>3</sub>
	Limonite			and 7.96% SiO <sub>2</sub>
	55.437 million WMT at 0. 85% Nickel and 45.36% Iron  Inferred Saprolite: 6.836 million WMT at 1.26% Nickel and 13.47% Iron  Limonite: NA	Limonite 12.972 million WMT at 1.07% Nickel and 39.73% Iron  Inferred Saprolite: 0.329 million WMT at 1.61% Nickel and 14.25% Iron  Limonite: 4.698 million WMT at 0.90% Nickel and 39.61% Iron	Inferred Bauxite Ore 17.275 million WMT at 38.96% Al <sub>2</sub> O <sub>3</sub> and 16.59% SiO <sub>2</sub>	Inferred Bauxite Ore 28.436 million WMT at 43.75% Al <sub>2</sub> O <sub>3</sub> and 8.09% SiO <sub>2</sub>

These estimates were prepared by **Mr. Tomas D. Malihan, a Competent Person in Geology**, to study the exploration data on the mineral property and verify its nickel resources

	RESOURCE
Volume	63.543 million WMT laterite ore
Ore Grade	Average 0.92% Ni grade, Fe 41.29%
Area	1,659 hectares

These estimates are based on the measured & indicated mineral resource computed which was readily convertible to prove and probable ore reserve. For other discussion of mining properties, please refer to Note 10, pages 25-26 of the 2017 ACFS.

### **Property and Equipment**

### **Office Space**

In January 2014, the company acquired two (2) condominium units located at Citi Center Condominium Project, Citibank Center, 8741 Paseo de Roxas, Makati City, with an aggregate floor area of, more or less, nine hundred sixty-seven and 7/100 (967.07) square meters and amounting to Sixty-Eight million pesos (₱68,000,000). The property is covered by Condominium Certificates of Title Nos. 006-2011006557 and 006-2011006558 issued by the Register of Deeds of Makati City. The said property became the Company's new principal office address starting September 2014.

In November 2017, the company acquired another condominium unit also located at the 4th Floor Citi Center Condominium, 8741 Paseo de Roxas, Makati City, with with an approximate area of 220 square meters inclusive one (1) parking slot amounting to twenty five million (\$\frac{1}{2}\$25,000,000.00). The property is covered by Condominium Certificates of Title No. 006-2012006781. The said condominium unit was purchased for the Makati office expansion.

### **MMDC Properties**

The table below sets forth a summary of the properties owned and rented by MMDC.

### Land and Improvements owned

	Lot Area (sqm)	Amount
Haulage Roads	122,475	10,262,799
Stockyards	382,369	23,257,080
Causeway	38,856	4,000,000
Campsite	25,395	770,850
Butuan Lot	3,544	15,948,000
Others	98,224	3,694,705
Total Land & improvements	670,863	57,933,414

### Rented

	Lot Area (sqm)	<b>Monthly Rental</b>
Haulage Roads	345,584	424,636
Stockyards	119,945	124,770
Causeway	19,555	51,010
Others	29,565	38,565
Total	514,649	638,981

The renewals of the above leases are subject to agreement by the parties.

The above leased properties are used by MMDC for hauling roads and stockpile areas.

MMDC will acquire and/or lease additional properties to be utilized for hauling roads and stockpile areas as needed for its operations. The cost of such acquisitions will depend on negotiations with prospective owners and lessors. MMDC plans to finance such acquisitions from internally generated funds and borrowing from banks.

The Company's equipment mostly pertains to heavy and transportation equipment related to the mining operations. For details of the property and equipment, please refer to Note 9on pages 24-25 of the 2017 ACFS. The Company does not intend to acquire new heavy equipment within the next 12 months.

### **ITEM 3. LEGAL PROCEEDINGS**

As of December 31, 2017, the Company is not a party to any legal proceedings.

Notably, Marcventures Mining & Development Corporation (MMDC) are involved in several legal proceedings arising from its business operations.

To the knowledge and/or information of the Company, none of its directors or its executive officers, is presently or during the last five (5) years been involved in any material legal proceeding in any court or government agency on the Philippines or elsewhere which would put to question their ability and integrity to serve Marcventures Holdings Inc. and its stockholders.

The Company is not aware of: (a) any bankruptcy petition filed by or against any business of which a director or executive officer or person nominated to be become a director or executive officer was a general partner or executive officer either at the time of the bankruptcy or within two years prior to that time; (b) any conviction by final judgment, including the nature of the offense, in a criminal proceeding, excluding traffic violations and other minor offenses; (c) being subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities, commodities or banking activities; and (d) being found by a domestic or foreign court of competent jurisdiction (in a civil action), the Commission or comparable foreign body, or a domestic or foreign Exchange or other organized trading market or self-regulatory organization, to have violated a securities or commodities law or regulation and the judgment has not been reversed, suspended, or vacated.

### ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

The Company submitted the following matters to a vote of the security holders during the 2017 Annual Meeting:

- 1. Call to order
- 2. Proof of Notice and Certification of Quorum
- 3. Approval of the minutes of last the Shareholders' meeting dated 27 May 2016
- 4. Approval of the Management Report and the Audited Financial Statements for the year ended 31 December 2016
- 5. Approval of the Merger of Marcventures Holdings, Inc. (MARC), Asia Pilot Mining Phils. Corporation (APMPC), Brightgreen Resources Holdings, Inc. (BHI) with MARC as the surviving entity
- 5a. Approval by the Majority of the Minority Stockholders of the related party transaction, which pertains to the merger of Brightgreen Resources Holdings, Inc. and Marcventures Holdings, Inc. and waiver of the requirement to conduct rights or public offering.
- 6. Approval of the Amendment of Articles of Incorporation of the corporation to increase the authorized capital stock of the Corporation from Two Billion Pesos (Php 2,000,000,000.00 to Four Billion Pesos (Php 4,000,000,000.00)

- 7. Approval of the Increase of the Number of Directors from (9) to eleven (11)
- 8. Authority to enter into a Management Agreement to manage Marcventures Mining and Development Corp. and other subsidiaries
- 9. Ratification of Management's Acts
- 10. Election of Directors
- 11. Appointment of External Auditor.

### PART II - OPERATIONAL AND FINANCIAL INFORMATION

### ITEM 5. MARKET PRICE OF AND DIVIDENDS ON REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

### **Market Information**

The principal market for the registrant's common stock is the Philippine Stock Exchange ("PSE"). The Company's stock symbol is "MARC"

### **Stock Prices – Common Shares**

The following table sets forth the high and low closing sales prices per share of the Common Shares listed on the PSE during the respective periods indicated as per published financial sources.

	Price per Share (I	n Pesos)**
	High	Low
	201	15
January – March	6.82	4.65
April – June	5.00	2.97
July - September	3.40	1.94

Diane Madelyn C. Ching/Asst Corporate Secretary	18

### ITEM 6. MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATION

The following discussion and analysis should be read in conjunction with the consolidated financial statements and related notes as of December 31, 2017 and 2016 prepared in conformity with PFRS hereto attached in the Exhibits.

The financial information for the three years ended December 31, 2017, 2016 and 2015 and as at December 31, 2017, 2016, and 2015 are discussed below.

### A. <u>Discussion for 2017 and 2016 Financial Results</u>

### **Results of operations**

	Audited (in million Pesos)			Increase(D	ecrease)
	<b>2017</b> 2016		Amount	%	
Revenues	<b>₱2,040.86</b>	<b>₱</b> 1,919.19		<b>₱</b> 121.67	6.34%
Cost of Sales	1,335.91	1,421.75		(85.84)	(6.04%)
Operating Expenses	562.34	452.61		109.73	24.24%

### Revenues

For the year ended December 31, 2017, mmdc sold an aggregate 2,179,657 wet metric tonnes (WMT) of nickel ore, or equivalent to 40 shipments of which 26.5 vessels of saprolite and 13.5 vessels of limonite, as compared to 2,597,102 WMT or equivalent to 48 shipments of which 13 vessels of saprolite and 35 vessels of limonite for the year 2016. Due to continous decrease in Limonite ore price MMDC shipped more tonnage of its saprolite ore that resulted to higher revenue in 2017 compared to 2016.

### Cost of Sales

The Company's cost of sales amounted to ₱1,335.91 million in 2017 as compared to ₱1,421.75 million in 2016, a decrease of ₱85.84 million or 6.04%, due to lower volume of nickel ore shipped in 2017.

The increase in revenue was due to higher volume of saprolite nickel ore shipped out during the period. Shipment details of volume and prices are as follows:

VVIVII			
	2017	2016	Increase
			(decrease)
Limonite	744,679	1,895,112	(1,150,433)
Saprolite	1,434,978	701,990	732,988
	2,179,657	2,597,102	(417,445)
Average Price per w	vmt (in US\$)		
	2017	2016	Increase
			(decrease)
			( )
Limonite	\$9.67	\$11.39	(\$1.72)
Limonite Saprolite	\$9.67 22.26	\$11.39 23.24	· · · · · · · · · · · · · · · · · · ·

### **Operating Expenses**

The Company's total operating expenses amounted to ₱562.34 million in 2017 as compared to ₱452.61 million in 2016, an increase of ₱109.73 million or 24.24%, due to the following:

- Environmental expenses increased by ₱27.98 million or 81.71% due to the company's commitment to comply with the environmental responsibilities.
- Taxes and licenses increased by ₱19.13 million or equivalent to 49.93% mainly due to the business taxes paid to the municipalities of Cantilan and Carrascal, Surigao Del Sur and payment of taxes on the acquisition of condo unit for office expansion.
- Outside services increased by ₱23.80 million or 119.19% pertains to additional outsourced manpower and security services.
- Professional fees increased by ₱2.67 million or equivalent to 7.23% due to hiring of consultants.
- Social Development Program increased by ₱3.38 million or equivalent to 11.37% is consistent with the increase in operating cost in 2016 wherein 1.5% was allocated to the development of host and neighboring communities.
- Loading fee increased by ₱6.51 million or 41.78% inspite of lower volume of ore shipped in 2017 due to additional loading fees charged by another local government unit.
- Royalties increased by ₱1.29 million or 6.74% due to higher amount of gross sales of nickel ore for the year 2017.
- Transportation and travel by ₱2.0 million or 13.51% due various seminars and conferences
- Rental increased by ₱4.33 million or 99.85% due to rental of equipment, service vehicle and subscription to Bloomberg.

- Office supplies increased by ₱5.61 million or 183.83%.
- Representation increased by ₱3.97 million or 117.94% due to meetings with various stakeholders (employees, IPs and regulatory agencies such as NCIP, DOLE and others) and existing and prospective customers.
- Communication, light and water increased by ₱0.57 million or equivalent to 11.66% was largely due to the improvement in the communication lines between Surigao and Makati office thru a lease line.
- Dues and subscriptions increased by ₱1.27 million or 49%.
- Increase in Advertisement by ₱2.27 million or 2537.90% in 2017 due to the engagement of a media partner to promote awareness in the social commitments of the Company.
- Increase in other expenses by ₱29.12 million or 142.10%, a significant increase mainly due to moisture penalty.

### The above increases in cost were partly offset by the following:

- Community relations decreased by ₱16.76 million or equivalent to 77.56%.
- Repairs and maintenance decreased by ₱2.54 million or equivalent to 62.94% due to the sale of fully depreciated heavy equipment.
- Retirement benefit expense decreased by ₱6.05 million or equivalent to 39.11% due to the decrease in number of employees in 2017.

### **Financial Position**

	Audit	ted		
_	(in millior	n Pesos)	Increase(De	crease)
	2017	2016	Amount	%
Assets	<del>₱</del> 5,316.11	₱3,385.34	₱1,930.77	57.03%
Liabilities	1,108.19	412.97	695.22	168.35%
Stockholders' Equity	4,207.93	2,972.37	1,235.55	41.57%

### <u>Assets</u>

The consolidated total assets of the Company increased to \$5,316.11 million as of December 31, 2017 from \$3,385.34 million as of December 31, 2016. The 57.03% increase was mainly due to the net effect of the following:

- Cash decreased by ₱117.51 million or 71.40% is attributable to the payments of liabilities, acquisition of property and equipment used for the mining operations.
- Trade receivables increased by ₱166.90 million or 253.26% as a result of the sale of nickel ore in the last quarter of 2017. The company expected to collect these receivables in the first half of 2018.
- Ore inventory increased by ₱96.12 million or 72.09% from the 2016 level of ₱133.33 million to ₱229.45 million in 2017. The ore inventory increased by 66,540 wet metric tonnes (WMT) which is 101.00% higher than last year.
- Advances to related parties decreased by ₱82.56 million or 65.84% as a result of the merger with BrightGreen Resources Corporation.
- Mining rights and other mining assets increased by ₱1,861.76 million or equivalent to 92.90% was largely due mining assets of the subsidiaries AMPI, BARI and BRC and for the increase in MMDC mining asset.

### Liabilities

As of December 31, 2017 the total liabilities of the Company increased by ₱695.22 million or 168.35% from ₱412.97 million in December 2016 to ₱1,108.19 in 2017. The increase was due to the following:

- Trade and other payable increased by ₱184.77 million or 179.30%, primarily due to coractors and suppliers.
- Loans payable decreased by ₱20.0 million or 20% due to partial settlement of bank loan.
- Advances from related party increased by ₱5.0 million or 100 percent due to additional loan from BKR ("to" ba or "from"?????)
- Dividend payable decreased by ₱0.25 million or equivalent to 5% due to replacement of stale checks issued to stockholders.
- Income tax payable increased by ₱8.72 million or 27.24% due to increase of net income for the period.
- Retirement liability decreased by ₱9.54 million or 20.76% due to retrenchment of employees.

### Stockholders' Equity

The stockholders' equity increased by ₱1.24 million from ₱2.97 million in 2016 to ₱4.21 million in 2017. The increase pertains to the Company's total comprehensive income for the year and merger of the Parent Company, BHI and APMPC, with the Parent Company as the surviving entity and the increase in authorized capital stock of the Parent Company to accommodate the merger from 2,000,000,000 shares at ₱1 par value to 4,000,000,000 shares at ₱1 par value a share. Out of this increase, a total of 1,125,000,000 of the Parent Company's common shares were issued to BHI and APMPC shareholders at ₱1 per share.

BHI owns 100% interest in BrightGreen Resources Corporation (BGRC) and APMPC owns 100% interest in Alumina Mining Philippines, Inc. (AMPI) and Bauxite Resources, Inc. (BARI).

### **Consolidated Cash Flow**

	Audi	ited			
	(in millio	n Pesos)		Increase(De	crease)
	2017	2016		Amount	%
Cash provided by operating activities	<del>₱</del> 173.68	₱215.30		(₱41.62)	(19.33)
Cash used in investing activities	368.56	212.65		155.91	73.32
Cash used in financing activities	77.37	28.28	_	49.09	173.59

The cash provided by operating activities decreased from ₱215.30 million in 2016 to ₱173.68 million in 2017. The Company reported a net income before income tax of ₱115.49 million in 2017 as compared to 2016 of a net income of ₱48.55 million.

In 2017, the company's net cash used in investing activities are primarily due to the increase in property and equipment amounting to \$120.36 million and increase in mine and mining properties amounting to \$273.23 million as these were utilized in various stockyards in the form of matting, a meter thick layer of nickel blanketing the ground to prevent dilution of the ore stockpile currently stored or beneficiated.

In 2017, the company's net cash used in financing activities are mainly due additional issuance of shares and deposit of future subscription these were partially offset on partial settlement of its interest bearing loan.

### B. <u>Discussion for 2016 and 2015 Financial Results</u> Results of operations

	_	dited on Pesos)	Increase(De	ecrease)

Revenues	<b>₱</b> 1,919.19	<b>₱</b> 2,330.48	 (₱411.29)	(17.65%)
Cost of Sales	1,421.75	2,065.76	(644.01)	(31.18%)
<b>Operating Expenses</b>	452.61	387.47	65.14	16.81%

### Revenues

For the year ended December 31, 2016, the subsidiary sold an aggregate 2,597,101 wet metric tonnes (WMT) of nickel ore or equivalent to 48 shipments to China, as compared to 3,339,067 WMT or equivalent to 61 shipments for the year 2015. The 22.22% decline in volume was largely due to lesser workable days in 2016 because of unfavorable weather condition in the area.

### Cost of Sales

The Company's Cost of Sales amounted to ₱1,421.75 million in 2016 as compared to ₱2,065.76 million in 2015, a decrease of ₱644.01 million or 31.18%, due to lower volume of nickel ore shipped in 2016.

### Operating Expenses

- Increase in environmental expenses by ₱22.82 million or 199.94% due to water truck and other
  equipment rentals to maintain haul roads, silt ponds and increase in inland reforestation
  expenses.
- Increase in taxes and licenses by ₱19.50 million or equivalent to 103.56% mainly due to the business taxes paid to the municipalities of Cantilan and Carrascal, Surigao Del Sur.
- Increase in outside services by ₱13.71 million or 219.09% pertains to additional outsourced manpower, security services and pilotage.
- Increase in depreciation by ₱9.42 million or 22.03% was mainly due to depreciation of transportation and heavy equipment acquired in mid-2015.
- Increase in the cost for Social Development Program by ₱2.95 million or equivalent to 11.04% is consistent with the increase in operating cost wherein 1.5% was allocated to the development of host and neighboring communities.
- Increase in rental by ₱3.48 million or 404.85% due to hangarage, extension of office in Butuan and purchase of transport equipment for minesite use.
- Increase in retirement benefit expense by ₱1.86 million or equivalent to 13.67% due to additional employees.
- Increase in other expenses by ₱20.17 million or 140.21% pertains mainly on 3 years tax deficiency paid in 2016.

### The above increases in cost were partly offset by the following:

- Decrease in professional fees by ₱11.94 million or equivalent to 24.40% due to the termination or end contract of technical personnel, and consultants.
- Decrease in community relations by ₱11.26 million or equivalent to 63.03%.
- Decrease in Royalties by ₱3.98 million or 17.24% due to decrease in revenue from sale of nickel ore for the year 2016.
- Decrease in loading fee by ₱3.52 million or 17.55% due to decrease in volume of ore shipped in 2016.

- Decrease in communication, light and water by ₱1.91 million or equivalent to 27.94% was largely
  due to the improvement in the communication lines between Surigao and Makati office thru a
  lease line.
- Decrease in office supplies by ₱1.71 million or 35.90%.
- Decrease in advertisement by ₱1.20 million or 93.02%

### **Financial Position**

### Audited

_	(in million Pesos)		Increase(De	ecrease)
	2016	2015	Amount	%
Assets	₱3,385.34	₱3,426.87	(₱41.53)	(1.21%)
Liabilities	412.97	462.73	(49.76)	(10.75%)
Stockholders' Equity	2,972.37	2,964.14	8.23	0.28%

### **Assets**

The consolidated total assets of the Company decreased to ₱41.53 million as of December 31, 2016 from ₱3,426.87 million as of December 31, 2015. The 1.21% decrease was mainly due to the net effect of the following:

- Cash decreased by ₱25.63 million or 13.48% is attributable to the payments of liabilities, acquisition of properties and equipment used for the mining operations.
- Trade receivables decreased by ₱140.43 million or 68.06% due to improvement in the collection of receivables for the 2016 shipments.
- Ore inventory increased by ₱97.61 million or 273.29% from the 2015 level of ₱35.72 million to ₱133.33 million in 2016. The ore inventory increased by 66,540 wet metric tonnes (WMT) ore which is 101.00% higher than last year. The increase in inventory was due to the longer distance of loading and hauling as compared to last year.
- Advances to related parties increased by ₱52.88 million or 72.93% mainly due to advances of Bright Green Resources Corp. (formerly Carac-an Development Corp) which was used for its exploration and other related parties.
- Property and equipment decreased by \$123.95 million or 24.05% was mainly due to depreciation.

### <u>Liabilities</u>

As of December 31, 2016 the total liabilities of the Company decreased by ₱49.76 million or 10.75% from ₱462.73 million in December 2015 to ₱412.97 in 2016. The decrease was due to the following:

- Trade and other payable decreased by ₱62.48 million or 37.75%, primarily due to payment of company's payables and accrued expenses.
- Loans payable decreased by ₱18.12 million or 9.41% due to partial settlement of loan.
- Income tax payable increased by ₱12.80 million or 66.66%.
- Retirement liability increased by ₱11.04 million or 31.63% due to recognition of higher retirement expense based on latest actuarial valuation

### Stockholders' Equity

The stockholders' equity increased by ₱8.24 million from ₱2,964.14 million in 2015 to ₱2,972.37 million in 2016. The increase pertains to the Company's total comprehensive income for the year.

### **Consolidated Cash Flow**

	Audi	ted		
	(in millior	Pesos)	Increase(Dec	crease)
	<b>2016</b> 2015		Amount	%
Cash provided by operating activities	<del>₽</del> 215.30	₱74.71	<b>₱</b> 140.60	188.19
Cash used in investing activities	212.65	327.96	(115.31)	(35.16)
Cash used in financing activities	28.28	170.67	(142.39)	(83. 43)

The cash provided by operating activities increased from ₱74.71 million in 2015 to ₱215.30 million in 2016. The Company reported a net income before income tax of ₱48.55 million in 2016 as compared to 2015 that reported a net loss of ₱107.02 million.

In 2016, the company's net cash used in investing activities are primarily due to increase in mine and mining properties as these were utilized in various stockyards in the form of matting, a meter thick layer of nickel blanketing the ground to prevent dilution of the ore stockpile currently stored or beneficiated.

In 2016, the company's net cash used in financing activities are mainly due partial settlement of its interest bearing loan.

### A. <u>Discussion for 2015 and 2014 Financial Results</u> Results of operations

	Audited		Increase(Decrease)		e)
	2015		2014	Amount	%
	(in PhP Millions)				
Revenues	2,330	.48	2,526.96	(196.48)	(7.78)
Cost of Sales	2,065	.76	1,404.92	661.81	47.04
Operating Expenses	387	.47	306.99	80.48	26.22

### Revenues

For the year ended December 31, 2015, the subsidiary sold 3,339,068 wet metric tonnes (WMT) of nickel ore or equivalent to 61 shipments to China, as compared to 2,103,239 WMT or equivalent to 38 shipments for the year 2014.

Despite of an increase in tonnage by 58.76% the gross revenue dropped by ₱196.48 million or equivalent to 7.78% due to the decline in the selling price of nickel ore. At the same price levels, the revenue and net income would have been ₱4.1 billion and ₱1.0 billion due to 43.53% decline in nickel price. The impact of the fall in nickel price was cushioned by the 58.76% increase in production in 2015.

Due to the above mentioned dropped in revenue even with increase in volume, the operation resulted to a net loss of ₱119.05 million in 2015 as compared to net income of ₱841.26 in 2014.

### Cost of Sales

The Company's cost of sales amounted to ₱2,065.76 million in 2015 as compared to ₱1,404.92 million in 2014 an increase of ₱660.84 million or 47.04%, was due to the higher volume shipped of nickel ore in 2015.

### **Operating Expenses**

- Increase in salaries and wages by ₱5.92 million or equivalent to 5.51% due to appraisal increase and hiring of additional employees.
- Increase in taxes and licenses by ₱7.80 million or equivalent to 70.62% mainly due to increase in business taxes, since 2015 business permit is based on 2014 gross revenue, and regulatory fees paid to MGB.
- Increase in depreciation expense by ₱24.74 million or 137.32% mainly due to depreciation of newly acquired service vehicles, office equipment, furniture & fixtures.
- Increase in professional and consultancy fees by ₽16.97 million or equivalent to 53.06% due to the hiring of additional management, technical personnel, and consultants.
- Increase in the cost for Social Development Mining Program by ₽6.92 million or equivalent to 34.87% it is consistent with the increase in operating cost wherein 1.5% was allocated to the development of host and neighboring communities.
- Increase in communication, light and water by ₽1.84 million or equivalent to 36.89% due to conversion of internet connection from DSL to Metro Eline and Igate a lease line between Surigao and Makati office. The lease line improved communication and will save travel expenses.
- Increase in outside services by ₱2.21million or 54.75% pertains to equipment maintenance and pilotage services.
- Inventory write-down of ₱35.65 million to reflect the net realizable value of the nickel ore.
- Increase in freight and shipping by ₱7.41 million or 58.76% due to increase in volume shipped in 2015.
- Increase in environmental expenses by ₱7.88 million or 222.80% due to water truck and equipment rentals to maintain haul roads and silt ponds.
- Increase in other expenses by ₽7.27 million or 102.09% due to pertains mainly on 2011 tax deficiency paid in 2015.

The above increases in cost were partly offset by the following:

- Decrease in representation by ₽3.46 million or equivalent to 50.44%
- Decrease in rental expense by ₱1.62 million or 65.39% due to purchase of condominium unit
- Decrease in advertising expense by ₽5.29 million or 80.46%
- Decrease in royalties by ₱2.27 million or 8.97% due to decrease on revenue from sale of nickel ore for the year 2015.
- Decrease in retirement expense by ₱5.78 million or equivalent to 29.82%.

### **Financial Position**

	Audited	Audited		
. <u>.</u>	2015	2014	Amount	%
Assets	<del>₱</del> 3,426.87	₱3,716.58	(289.71)	(7.80)
Liabilities	462.73	637.60	(174.87)	(27.43)
Stockholders' Equity	2,964.14	3,078.99	(114.85)	(3.73)

### <u>Assets</u>

The consolidated total assets of the Company decreased to ₱3,426.87 million as of December 31, 2015 from ₱3,716.58 million as of December 31, 2014. The 7.80% decrease was mainly due to the net effect of the following:

Cash decreased by ₱423.93 million 69.03% is attributable to the payments of liabilities, acquisition
of properties and equipment, and used for the mining operations.

- Trade receivables increased by ₱193.26 million or 1,478.18% due to ore allocation fees and shipments made by the company during the latter part of 2015.
- Ore Inventory decreased by 79.04% from the 2014 level of ₱170.37 million to ₱35.72 million in 2015. The decrease was due to the increased shipments partially coming from previous inventory and the write-down of ₱35.65 million to reflect the net realizable value of the nickel ore.
- Other current assets increased by ₱26.40 million or 53.66% due to increase in prepaid expenses by 74.65% mostly from the 15% creditable withholding tax withheld by the Subsidiary in connection with management services fee rendered by the parent company and increase in mining and office supplies by 41.20%.
- Advances to related parties increased by ₱11.53 million or 18.90% mainly due to advances of Bright Green Resources Corp. (formerly Carac-an Development Corp) which was used for its exploration.
- Property and equipment increased by ₱184.77 million net of disposal of ₱10.62 million. The
  increase was due to the acquisition heavy equipment, service vehicles, office furnitures and
  equipments, as a result an increase in accumulated depreciation of ₱183.98 million due to
  additional acquisition of asset.
- Other noncurrent assets increased by ₱125.00 million or 48.10% mainly due to advances to Contractor of ₱111.93 million and increase in accumulated Input tax amounting to ₱13.53 million.

### Liabilities

As of December 31, 2015 the total liabilities of the Company decreased by 27.43% from ₱637.60 million in December 2014 to ₱462.73 in 2015 or equivalent to ₱174.87 million. The decrease was due to the following:

- Loans Payable increased by ₱91.77 million or 91.16% which was use to finance the acquisition of properties and equipment to be amortized for 60 months
- Dividend payable decreased by ₱258.69 million or 45.66%, primarily due to payment of company's dividend payable amounted to ₱250.85 million to its stockholders
- Retirement liability increased by ₱7.60 million or 27.82% due to recognition of higher retirement expense based on latest actuarial valuation

### Stockholders' Equity

The stockholders' equity decreased by ₱114.85 million from ₱3,078.99 million in 2014 to ₱2,964.14 million in 2015. The decrease pertains to the Company's total comprehensive loss for the year.

### **Consolidated Cash Flow**

	Aud	ited	Increase(Dec	crease)
(in PhP Millions)	2015	2014	Amount	%
Cash provided by operating activities	₱74.71	₱949.34	(874.63)	(92.13)
Cash used in investing activities	327.96	444.10	(116.14)	(26.15)
Cash used in financing activities	170.67	194.60	(23.93)	(12.30)

The cash provided by operating activities decreased from ₱949.34 million in 2014 to ₱74.71 million in 2015. The company incurred a net loss before income tax in 2015 of ₱107.02 million as compared to 2014 that reported a net income of ₱838.38 million.

In 2015, the company's net cash used in investing activities are the acquisition of property and equipment worth ₱203.92 million and an increased in other noncurrent assets of ₱125.00 million.

In 2015, the Company paid dividends from 2014 dividend declaration to its stockholders in the amount of ₱250.85 million. The company secured a loan of ₱200.00 million to local Bank of which ₱100.00 million was paid on maturity date and the balance of ₱100.00 million is payable in 60 equal monthly installments.

### **Financial Indicators**

### **Key Performance Indicators (KPI's)**

Comparative figures of the key performance indicators (KPI) for the fiscal years ended December 31, 2017 and December 31, 2016:

	2017	2016
Net Income	<del>₱</del> 47,281,213	<del>₱</del> 5,141,782
Current assets	645,861,140	579,236,747

### Note:

- 1. Current assets / current liabilities
- 2. Stockholder's Equity / Total outstanding number of shares
- 3. Total Liabilities / Stockholder's Equity
- 4. Net Income (Loss) / Total outstanding number of shares
- 5. Net income / average total assets

### **Other Information**

Other material events and uncertainties known to management that would address the past and would have an impact on the Company's future operations are discussed below.

- 1. Except as disclosed in the management discussion and notes to the financial statements, there are no other known events that will trigger direct or contingent financial obligation that is material to the company, including any default or acceleration of an obligation.
- 2. Except as disclosed in the management discussion and notes to the financial statements, there are no other known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable or unfavorable impact on revenues or income from operations.
- 3. All significant elements of income or loss from continuing operations are already discussed in the management discussion and notes to financial statements. Likewise any significant elements of income or loss that did not arise from the registrant's continuing operations are disclosed either in the management discussion or notes to financial statements.

- 4. There is no material off-balance sheet transaction, arrangement, obligation, and other relationship of the company with unconsolidated entities or other persons created during the reporting period.
- 5. The company does not expect any liquidity or cash problem within the next twelve months.
- 6. There no known trends, events or uncertainties that have had or that are reasonably expected to have material favorable or unfavorable impact on net sales or revenues or income from continuing operations should be described. If the registrant knows of events that will cause material change in the relationship between cost and revenues (such as known future increases in cost of labor or materials or price increases or inventory adjustments), the change in the relationship shall be disclosed.
- 7. There are no significant elements of income or loss that did not arise from the registrant's continuing operations;
- 8. The Company's mining operations starts during dry season and ends during rainy season.

### **ITEM 7. FINANCIAL STATEMENTS**

The consolidated financial statements and schedules listed in the accompanying Index to Financial Statements and Supplementary Schedules are filed as part of this Form 17-A. The management is not aware of any significant or material events or transactions not included nor disclosed in the consolidated financial statements in compliance with the SRC Rule 68.

### ITEM 8. INFORMATION ON INDEPENDENT ACCOUNTANT AND OTHER RELATED MATTERS

**External Audit Fees and Services** 

	Year Ended	Year Ended December 31		
	2017	2016		
Audit Fees	<del>₱</del> 748,000	₱610,000		
Audit-Related Fees	74,800	61,000		
Total	<del>₱</del> 822,800	<del>₱</del> 671,000		

**Audit Fees.** Represents professional fees of the external auditor for the audit services rendered on Company's Annual Financial Statements for the year 2017.

Audit-Related Fees. Represents the out of pocket expenses of the individuals who will perform the audit, it also includes postage and reproduction of Financial Statements as billed by the external auditor.

Tax Fees. Represents professional fees for tax advisory/consultation services rendered.

Audit services provided to the Company by external auditor have been pre-approved by the Audit Committee. The Audit Committee has reviewed the magnitude and nature of these services to ensure that they are compatible with maintaining the independence of the external auditor.

### Changes in and disagreements with Accountants on Accounting and financial Disclosure

There was no event in the past years where the external auditor and the Registrant had any disagreements with regard to any matter relating to accounting principles or practices, financial statement disclosure or auditing scope or procedure.

<sup>\*</sup>Elected after December 31, 2017

Mr. Cesar C. Zalamea was elected Chairman of Marcventures Holdings, Inc. (MHI) in June 2013. He served as the Company's President from June 2013 to September 2014. He also serves as Chairman of Marcventures Mining and Development Corp. (MMDC) and Bright Kindle Resources Inc. (formerly Bankard Inc.). He is an independent director of Araneta Properties Inc., a company he joined as Director in December 2008. He is also a member of the Advisory Board of Campbell Lutyens & Co. Ltd., an i1nvestment advisory company based in the U.K. from July 2011 until June 2015. In 1945, Mr. Zalamea joined AIG where he started as an Investment Analyst at the Philippine American Life Insurance Company (Philamlife) and, later, its President in May 1969. While with Philamlife, he was called to serve the Program Implementation Agency (PIA) in 1964 as Deputy Director General. PIA was an economic group that reported directly to the President of the Philippines. He returned to Philamlife in 1965. In 1969, Mr. Zalamea was appointed Member of the Monetary Board of the Central Bank of the Philippines, representing the private sector. In 1981, he left Philamlife to become Chairman of the Development Bank of the Philippines, giving up his post in the Monetary Board. In 1986, he left the DBP to go back to AIG. He was then stationed in Hong Kong to be the first President of AIG Investment Corporation (Asia) Ltd. At this time, he was elected to serve as Director in many AIG affiliated companies in Asia, such as the AIA

Insurance Co., Nan Shan Life Insurance Co., and Philamlife. He left AIG in 2005 to work directly with Mr. Maurice R. Greenberg at C.V. STARR Companies, where he was appointed President and CEO of Starr Investment Co. (Asia) Ltd. In 2008, he became its Chairman until he retired in 2010.

Mr. Zalamea obtained his BS in Accounting and Banking in 1951 from Colegio de San Juan de Letran, where he graduated valedictorian. In 1953, Mr. Zalamea received his MBA from New York University.

Mr. Isidro C. Alcantara Jr. was elected President last September 2014 and Director in August 2013. Before his election, he served as the Company's Executive Vice President. He currently sits as Vice Chairman and Director of MMDC, the Company's wholly owned subsidiary. He presently serves as Director and President of Bright Kindle Resources, Inc. and President of Financial Risk Resolutions Advisory, Inc. He has been a Director of Benguet Corp. since November 2008. He served as Chairman and Director of AG Finance, Inc., and Senior Vice President and Head of Corporate & Institutional Banking at HSBC. He was elected President and Chief Executive officer of Philippine Bank of Communications (PBCom) in Manila Philippines from 2000 to 2004. In addition, he also served as Executive Vice President of the Corporate Banking Group of Equitable PCI Bank (EPCIB) from 1981 to 2000 and s as Director of Bankers Association of the Philippines from 2000 to 2003. He also served at Bancom Finance Corporation, PCI Bank, and Insular Bank of Asia and America (a Bank of America affiliate) from 1975 to 1981. Mr. Alcantara Jr. is a Certified Public Accountant. He obtained his BSC in Accounting and BS in Economics degrees from De La Salle University, graduating magna cum laude. He also attended the Special Studies in International Banking at the Wharton School, University of Pennsylvania.

Justice Vicente V. Mendoza Was elected Independent Director in February 2018. He served as an Associate Justice of the Supreme Court from 1994 to 2003. He also served as an Associate Justice of the Court of Appeals from 1980 to 1994 and served as its Presiding Justice since 1994. He is a member of the Presidential Electoral Tribunal from 1994-2003 and a Member of the House of Representatives Electoral Tribunal from 1999-2003. He served in the office of the Solicitor General, Department of Justice, first as a Solicitor from 1971-1973 and later as Assistant Solicitor General from 1973 to 1980, successfully handling constitutional litigation for the Government. He is a Faculty member at the University of the Philippines College of Law since 1967 to present and gave bar review classes from 1978 to 1994. Justice Mendoza was admitted to the Philippine Bar in 1958 and was a visiting scholar at the Harvard Law School in the fall term in 1976. He has authored several law books and has written several articles published in law journals. He was conferred an LLM degree by Yale Law School in 1971 and graduated from the UP College of Law in 1957.

Mr. Macario U. Te was elected as Director in June 2013. He serves as director of Bright Kindle Resources & Investments, Inc. He was the previous President of Macte International Corp, and Linkwealth Construction Corp.; Chairman of Autobus Industries Corporation; and CEO of M.T. Holdings, Inc. He previously sat as director in Bulawan Mining Corp., PAL Holdings Inc., Philippine National Bank, Oriental Petroleum and Minerals Corp., Gotesco Land Inc., PNB Capital and Investment Corp., PNB General Insurers Co. Inc., PNB Holdings Corp., PNB Remittance Center, PNB Securities Inc., PNB-IFL, PNB Italy SPA, Balabac Resources and Holdings, Nissan North Edsa, Beneficial-PNB Life and Insurance Co. Inc., Waterfront Phils., Fontana Golf Club., Baguio Gold Holding Corp., Traders Royal Bank, Traders Hotel, Pacific Rim Oil Resources Corporation, Suricon Resources Corporation, Alcorn Petroleum & Minerals Corp., Associated Development Corp., and Palawan Consolidated Mining Corporation. Mr. Te obtained his BS in Commerce from Far Eastern University.

Atty. Carlos Alfonso T. Ocampo was elected as Independent Director in August 2013. He is also an independent director of Bright Kindle Resources & Investments, Inc. He is the founder of Ocampo & Manalo Law Firm which was established in 1997. He is a member of the Board in various corporations, including MAA General Assurance Phils. Inc., South Forbes City College Corporation, Columbian Autocar Corporation, Asian Carmakers Corp., Jam Transit Inc., Prestige Cars Inc., Autohaus Quezon City Inc., and AVK Philippines, Inc. He is the Corporate Secretary of PSI Healthcare Development Services Corp., PSI

Prescription Solutions Corp., Adrianse Phils. Inc., Bluelion Motors Corp., First Charters and Tours Transport Corp., Brycl Resorts and International Inc., AVK Philippines Inc., Jam Liner Inc., and Manila Golf and Country Club. He previously served as Vice President and General Counsel of Air Philippines Corporation. Atty. Ocampo obtained his Bachelor of Laws from the University of the Philippines. Upon graduation from college, he was admitted into the honor societies of Phi Kappa Phi and Pi Gamma Mu. ### Period in Which Directors and Executive Officers Should Serve

The directors and executive officers should serve for a period of one (1) year.

### **Terms of Office of a Director**

The nine (9) directors shall be stockholders and shall be elected annually by the stockholders owning majority of the outstanding capital stock for a term of one (1) year and shall serve until the election and qualification of their successors.

Any vacancy in the board of directors other than removal or expiration of term may be filled by a majority vote of the remaining members thereof at a meeting called for that purpose if they still constitute a quorum, and the director or directors so chosen shall serve for the unexpired term.

### **Significant Employees**

The Company is not highly dependent on any individual who is not an executive officer.

### **Family Relationships**

Mr. Isidro C. Alcantara, Jr., Director and President is the father of Mr. Reuben Alcantara, Director and VP for Marketing, Business Development and Strategic Planning.

Except for Mr. Isidro Alcantara and Mr. Reuben Alcantara, the directors and executive officers named above are not related.

### Resignation or Refusal to Stand for Re-election by Members of the Board of Directors

After the stockholders' meeting on October 23, 2018, Justice Manuel M. Lazaro filed his resignation as independent director due to health reasons. During the regular meeting of the Board of Directors of on February 15, 2018, the Board elected Justice Vicente V. Mendoza as Independent Director. On April 10, 2018, the Board accepted the resignation of Mr. Rolando S. Santos and elected Ms. Ruby Sy as regular director in his stead.

#### ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

As of December 31, 2017 the related transactions has an outstanding balance of ₱10 million which represents a non-interest bearing unsecured loan payable on demand. Please refer to Note 21 on page 34 of the 201 Audited Consolidated Financial Statements (ACFS).

The Company retains the law firm of Castillo Laman Tan Pantaleon & San Jose Law Offices (CLTPS) where the corporate secretary, Atty. Roberto V. San Jose, is a senior partner. During the last fiscal year, the Company paid CLTPS legal fees which the Company believes to be reasonable.

The Company is involved in nickel mining operations in Surigao del Sur, through its subsidiary Marcventures Mining & Development Corporation (MMDC), a wholly-owned company. The area covered by MMDC's Mineral Production Sharing Agreement, No. 016-93-XIII, is physiologically located in the Diwata mountain range of Surigao del Sur and covers an area of 4,799 hectares. The mine is covered by ECC NO. 0807-022-1093 issued by the Department of the Environment and Natural Resources. Please refer to Note 1 of the 2017 ACFS.

Other than the foregoing, there has been no transaction outside of the ordinary course of business during the last two years, nor is any transaction presently proposed, to which the Company was or is to be a party in which any director or executive officer of the Company, or owner of more than 10% of the Company's voting securities or any member of the immediate family of any of the foregoing persons had or is to have a direct or indirect material interest. In the ordinary and regular course of business, the Company had or may have had transactions with other companies in which some of the foregoing persons may have an interest.

#### ITEM 13. Corporate Governance

This portion has been deleted pursuant to SEC Memorandum Circular No. 5, Series of 2013. The Corporate Governance report shall be filed separately.

# STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The Management of Marcventures Holdings, Inc. is responsible for the preparation and fair presentation of the consolidated financial statements including the schedules attached therein for the years ended December 31, 2017 and 2016 in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible in overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the consolidated financial statements including the schedules attached therein, and submits the same to the stockholders or members.

Reyes Tacandong & Co., the independent auditor appointed by the stockholders for the years ended December 31, 2017 and 2016 has audited the consolidated financial statements of the company in accordance with Philippine Standards on Auditing, and in its report to the stockholders or members, has expressed its opinion on the fairness of presentation upon completion of such audit.

# REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT ON AN ENGAGEMENT TO COMPILE FINANCIAL STATEMENTS

The Board of Directors and Stockholders Marcventures Holdings, Inc. and Subsidiaries 4th Floor, Citibank Center 8741 Paseo de Roxas, Makati City

# Report on the Financial Statements

I have compiled the accompanying financial statements of Marcventures Holdings, Inc. and Subsidiaries (the Group), which comprise the statement of financial position of as at December 31, 2017 and 2016, and the statements of comprehensive income, statements of changes in equity, and statements of cash flows for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

Based on the information provided by the management, I have applied my expertise in accounting and financial reporting to assist the Group in the preparation and presentation of these financial statements in accordance with Philippine Financial Reporting Standards for Small and Medium-sized Entities (PFRS for SMEs). I have complied with relevant ethical requirements, including principles of integrity, objectivity, professional competence and due care.

Since a compilation engagement is not an assurance engagement, I am not required to verify the accuracy or completeness of the information provided by the management for compilation. I have not conducted an audit nor a review of the accompanying financial statements. Accordingly, I do not express an audit opinion and provide any assurance, or a review conclusion on whether the financial statements are in accordance with the PFRS for SMEs.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements, as well as the accuracy and completeness of the information, in accordance with PFRS for SMEs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

# Practitioner's Responsibility

My responsibility is to perform this compilation engagement in accordance with Philippine Standards on Related Services 4410 (Revised) – *Compilation Engagements*, issued by Auditing Standards and Practices Council of the Philippines.

The objective of this compilation engagement is to assist the management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

# Practitioner's Independence

I am independent and had no direct financial interest with respect to the Group, in all material aspects of this compilation engagement during, the year ended December 31, 2017.

The Stockholders and the Board of Directors Marcventures Holdings, Inc. and Subsidiaries 4th Floor, Citibank Center 8741 Paseo de Roxas, Makati City

# Opinion

We have audited the accompanying consolidated financial statements of Marcventures Holdings, Inc. and Subsidiaries (the Group), which comprise the consolidated statements of financial position as at December 31, 2017 and 2016, and the consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for the years ended December 31, 2017, 2016 and 2015, and notes to financial statements, including summary of significant accounting policies.

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2017 and 2016, and its consolidated financial performance and its consolidated cash flows for the years ended December 31, 2017, 2016 and 2015 in accordance with Philippine Financial Reporting Standards (PFRS).

# Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter

We draw attention to Note 1 to the consolidated financial statements which discusses that on February 13 2017, Marcventures Mining and Development Corporation, the Subsidiary, received an order dated February 8, 2017 from the Department of Environment and Natural Resources cancelling the Subsidiary's Mineral Production Sharing Agreement (MPSA) No. 016-93-X (SMR) (MPSA). The management and its legal counsel believe that the order has no basis and the outcome of legal actions taken will not have a material adverse effect on the subsidiary's operations. The Group has continued its mining operation in the areas covered by the MPSA. Further disclosures are discussed in Note 25 to the consolidated financial statements.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

# Assessment of Recoverability of Mining Rights on Explored Resources and Mine and Mining Properties

The Group carries significant amounts of mining rights and other mineral assets with aggregate carrying amount of P3.9 billion and P2.0 billion as at December 31, 2017 and 2016, respectively (see Note 10). Under the PFRS, the Group is required to assess the carrying amounts of these assets if there is any indicator of impairment. The assessment is significant to our audit because the assessment process requires significant judgment, assumptions and estimates.

We performed procedures by verifying the historical accuracy of management's estimates along with the latest estimate of recoverable reserves and evaluated whether a reasonably possible change in assumptions could cause the carrying amount to exceed the estimated recoverable amounts.

Further disclosures are included in Note 3, Significant Judgment, Accounting Estimates and Assumptions - Estimating Depletion Rate and Recoverable Reserves and Note 10, Mining Rights and Other Mining Assets.

# Other Information

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2017, but does not include the consolidated financial statements and our Auditors' report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2017 are expected to be made available to us after the date of this Auditors' report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audits or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRS, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, these could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
  are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditors' report is Belinda B. Fernando.

# MARCVENTURES HOLDINGS, INC. AND SUBSIDIARIES CONSOLIDATED NOTES TO FINANCIAL STATEMENTS

# 1. Corporate Information

#### **General Information**

Marcventures Holdings, Inc. (the Parent Company), singly and collectively with its subsidiaries, is referred herein as "the Company".

The Parent Company was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on August 7, 1957. Its primary purpose is to deal with properties of every kind and description to the extent permitted by law without engaging in the business of an investment company as defined in the Investment Company Act (Republic Act 2629), or act as a securities broker or dealer. On August 7, 2007, the SEC approved the extension of the Parent Company's corporate life for another 50 years.

The Parent Company's shares of stock were initially listed in the Philippine Stock Exchange, Inc. (PSE) on January 10, 1958. As at December 31, 2017 and 2016, 1,821,358,599 shares of the Parent Company's shares of stock are listed in the PSE.

The registered address of the Parent Company is at 4th Floor, Citibank Center, 8741 Paseo de Roxas, Makati City.

The consolidated financial statements as at December 31, 2017 and 2016, and for the years ended December 31, 2017, 2016 and 2015 were approved and authorized for issue by the Board of Directors (BOD) on April 10, 2018.

# Merger of the Parent Company, Brightgreen Resources Holdings Inc. (BHI) and Asia Pilot Mining Phils. Corp. (APMPC)

On December 29, 2017, the SEC approved the application for merger of the Parent Company, BHI and APMPC, with the Parent Company as the surviving entity and the increase in authorized capital stock of the Parent Company to accommodate the merger from 2,000,000,000 shares at P1 par value to 4,000,000,000 shares at P1 par value a share. Out of this increase, a total of 1,125,000,000 of the Parent Company's common shares were issued to BHI and APMPC shareholders at P1 per share.

BHI owns 100% interest in BrightGreen Resources Corporation (BGRC) and APMPC owns 100% interest in Alumina Mining Philippines, Inc. (AMPI) and Bauxite Resources, Inc. (BARI).

# Information about the Subsidiaries

All of the subsidiaries of the Parent Company are wholly-owned.

Marcventures Mining and Development Corporation (MMDC). MMDC was incorporated and registered with the SEC on January 18, 1995 primarily to engage and/or carry on the business of extracting, mining, smelting, refining and converting mineral ores such as, but not limited to nickel, chromites, copper, gold, manganese and other similar ores and/natural metallic or non-metallic resource.

MMDC has been granted by the Department of Environment and Natural Resources (DENR) Mineral Production Sharing Agreement (MPSA) No. 016-93-X (SMR) covering an area of approximately 4,799 hectares located in the municipalities of Carrascal, Cantilan and Madrid, Surigao Del Sur.

Originally, the MPSA was granted to Ventura Timber Corporation (VTC) on June 19, 1992. In January 1995, VTC executed a deed of assignment (the Deed) to transfer to MMDC all its rights and interest in and title to the MPSA. On January 15, 2008, the Deed was approved by the Mines and Geosciences Bureau (MGB).

On June 24, 2016, the DENR issued an order approving the extension of MMDC's MPSA for a period of 9 years starting from the expiration of the first 25-year term.

On February 13, 2017, MMDC received an order dated February 8, 2017 from the DENR cancelling its MPSA. Management and its legal counsel believe that the order has no basis and the outcome of legal actions taken will not have a material adverse effect on the Company's operations (see Note 25). Accordingly, the Company has continued its mining operations in areas covered by the MPSA.

BGRC. BGRC was incorporated and registered with the SEC on July 20, 1989 to engage in the mining business.

On July 1, 1993, the DENR approved BGRC's application for MPSA No. 015-93-XI (SMR) covering an area of approximately 4,860 hectares located in the municipalities of Carrascal and Cantilan, Surigao del Sur. BGRC is undertaking its continuous exploratory drilling program to block mineral resources at indicated and measured category.

AMPI. AMPI was incorporated and registered with the SEC on August 31, 2001 to engage in the mining business.

On December 5, 2002, the DENR approved AMPI's application for MPSA No. 179-2002-VIII-SBMR covering 6,694 hectares in the municipalities of San Jose de Buan and Paranas Samar in Eastern Visayas (Region VIII), valid for 25 years and renewable for another 25 years.

BARI. was incorporated and registered with the SEC on August 31, 2001 to engage in the mining business.

On December 5, 2002, the DENR approved BARI's application for MPSA No. 180-2002-VIII-SBMR covering 5,519 hectares in the Municipalities of Gandara, San Jose de Buan, Matuguinao, and San Jorge, Province of Samar (formerly known as Western Samar) in Eastern Visayas (Region VIII), valid for 25 years and renewable for another 25 years.

BGRC, AMPI and BARI received Show-Cause Orders dated February 13, 2017 from the DENR to explain why their MPSA should not be cancelled pursuant to an alleged violation (see Note 25).

BGRC submitted a reply explaining that it has prior legal right.

AMPI and BARI submitted replies that their contract areas are not part of any watershed and are even declared as Bauxite Mineral Reservations which allows development of bauxite deposits (see Note 25).

# 2. Summary of Significant Accounting Policies

#### **Basis of Preparation**

The consolidated financial statements have been prepared in compliance with the Philippine Financial Reporting Standards (PFRS). This financial reporting framework includes PFRS, Philippine Accounting Standards (PAS) and Philippine Interpretations from International Financial Reporting Interpretations Committee (IFRIC) issued by the Philippine Financial Reporting Standards Council and adopted by the SEC, including SEC pronouncements.

#### Measurement Bases

The consolidated financial statements are presented in Philippine Peso, which is the Company's functional currency. All values are in absolute amounts, unless otherwise indicated.

The consolidated financial statements of the Company have been prepared on a historical cost basis. Historical cost is generally based on the fair value of the consideration given in exchange for an asset and fair value of the consideration received in exchange for incurring a liability.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the transaction date.

The Company uses market observable data to a possible extent when measuring the fair value of an asset or a liability. Fair values are categorized into different levels in a fair value hierarchy based on inputs used in the valuation techniques as follows:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

If the inputs used to measure the fair value of an asset or a liability might be categorized in different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further disclosures are included in Note 26, Financial Risk Management Objectives and Policies.

# Adoption of New and Amended PFRS

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the following relevant amended PFRS which the Company adopted effective for annual periods beginning January 1, 2017:

- Amendments to PAS 7, Statement of Cash Flows Disclosure Initiative The amendments
  require entities to provide information that enable the users of financial statements to evaluate
  changes in liabilities arising from their financing activities.
- Amendments to PAS 12, Income Taxes Recognition of Deferred Tax Assets for Unrealized
  Losses The amendments clarify the accounting for deferred tax where an asset is measured at
  fair value and the fair value is below the asset's tax base (e.g. deferred tax asset related to
  unrealized losses on debt instruments measured at fair value), as well as certain other aspects of
  accounting for deferred tax assets.

The adoption of the foregoing new and amended PFRS did not have any material effect on the consolidated financial statements of the Company. Additional disclosures have been included in the notes to consolidated financial statements, as applicable.

#### New and Amended PFRS in Issue But Not Yet Effective

Relevant new PFRS which are not yet effective for the year ended December 31, 2017 and have not been applied in preparing the consolidated financial statements are summarized below. The Company intends to adopt these standards when they become effective.

Effective for annual periods beginning January 1, 2018:

 PFRS 9, Financial Instruments — This standard will replace PAS 39, Financial Instruments: Recognition and Measurement (and all the previous versions of PFRS 9). It contains requirements for the classification and measurement of financial assets and financial liabilities, impairment, hedge accounting and derecognition.

PFRS 9 requires all recognized financial assets to be subsequently measured at amortized cost or fair value (through profit or loss or through other comprehensive income), depending on their classification by reference to the business model within which they are held and their contractual cash flow characteristics.

For financial liabilities, the most significant effect of PFRS 9 relates to cases where the fair value option is taken: the amount of change in fair value of a financial liability designated as at fair value through profit or loss that is attributable to changes in the credit risk of that liability is recognized in other comprehensive income (rather than in profit or loss), unless this creates an accounting mismatch.

For the impairment of financial assets, PFRS 9 introduces an "expected credit loss" model based on the concept of providing for expected losses at inception of a contract; recognition of a credit loss should no longer wait for there to be objective evidence of impairment.

For hedge accounting, PFRS 9 introduces a substantial overhaul allowing financial statements to better reflect how risk management activities are undertaken when hedging financial and non-financial risk exposures.

The derecognition provisions are carried over almost unchanged from PAS 39.

- PFRS 15, Revenue from Contracts with Customers The new standard replaces PAS 11, Construction Contracts, PAS 18, Revenue and related interpretations. It establishes a single comprehensive framework for revenue recognition to apply consistently across transactions, industries and capital markets, with a core principle (based on a five-step model to be applied to all contracts with customers), enhanced disclosures, and new or improved guidance (e.g. the point at which revenue is recognized, accounting for variable considerations, costs of fulfilling and obtaining a contract, etc.).
- Amendment to PFRS 15 Clarification to PFRS 15 The amendments provide clarifications on the following topics: (a) identifying performance obligations; (b) principal versus agent considerations; and (c) licensing. The amendments also provide some transition relief for modified contracts and completed contracts.
- Philippine Interpretation IFRIC 22, Foreign Currency Transactions and Advance Consideration —
  The interpretation provides guidance clarifying that the exchange rate to use in transactions
  that involve advance consideration paid or received in a foreign currency is the one at the date
  of initial recognition of the non-monetary prepayment asset or deferred income liability.

Effective for annual periods beginning January 1, 2019

PFRS 16, Leases – This standard replaces PAS 17, Leases and its related interpretations. The
most significant change introduced by the new standard is that almost all leases will be brought
onto lessees' statement of financial position under a single model (except leases of less than
12 months and leases of low-value assets), eliminating the distinction between operating and
finance leases. Lessor accounting, however, remains largely unchanged and the distinction
between operating and finance lease is retained.

Under prevailing circumstances, the adoption of the foregoing new and amended PFRS is not expected to have any material effect on the consolidated financial statements of the Company. Additional disclosures will be included in the notes to consolidated financial statements, as applicable.

# **Basis of Consolidation**

The consolidated financial statements include the accounts of the Parent Company and its subsidiaries, MMDC as at December 31, 2017 and 2016 and for the years ended December 31, 2017, 2016 and 2015, and BGRC, AMPI and BARI as at December 31, 2017.

#### Subsidiaries

A subsidiary is an entity that is controlled by the Parent Company. A subsidiary is consolidated from the date on which control is transferred to the Parent Company directly or through the holding companies. Control is achieved when the Company is exposed or has rights to variable returns from its investment with the investee and has the ability to affect those returns through its power over the investee. A subsidiary is deconsolidated from the date on which control ceases.

The financial statements of the subsidiaries are prepared for the same reporting year as that of the company using uniform accounting policies. Significant intercompany transactions and balances, including intercompany profits and unrealized profits and losses, are eliminated in full.

A change in ownership interest in a subsidiary, without a change in control, is accounted for as an equity transaction.

If the Parent Company loses control over a subsidiary, the Company: (a) derecognizes the assets and liabilities of the subsidiary; (b) derecognizes the carrying amounts of any non-controlling interest; (c) derecognizes the cumulative translation differences recorded in equity; (d) recognizes the fair value of consideration received; (e) recognizes the fair value of any investment retained; (f) recognizes any surplus or deficit in profit or loss; and (g) reclassifies the Company's share of components previously recognized in other comprehensive income to profit or loss.

# Financial Assets and Liabilities

Recognition. Financial assets and liabilities are recognized in the consolidated statements of financial position when the Company becomes a party to the contractual provision of a financial instrument. Financial instruments are initially recognized at fair value. In the case of regular way purchase or sale of financial asset, recognition and derecognition, as applicable, is done using trade date accounting. The initial measurement of the financial instruments, except for those classified at fair value through profit or loss (FVPL), includes transaction costs.

"Day 1" Difference. Where the transaction price in a non-active market is different from the fair value of other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Company recognizes the difference between the transaction price and fair value (a "Day 1" difference) in the profit or loss unless it qualifies for recognition as some other types of assets. In cases where use is made of data which is not observable, the difference between the transaction price and model value is only recognized in the profit or loss when the inputs become observable or when the instrument is derecognized. For each transaction, the Company determines the appropriate method of recognizing the "Day 1" difference amount.

Classification. The Company classifies its financial assets at initial recognition under the following categories: (a) financial assets at FVPL, (b) held-to-maturity (HTM) investments, (c) loans and receivables and (d) available-for-sale (AFS) financial assets. Financial liabilities, on the other hand, are classified as either financial liabilities at FVPL or other financial liabilities at amortized cost. The classification depends on the purpose for which the financial instruments were acquired or incurred and whether or not the instruments are quoted in an active market. Management determines the classification of its financial assets and financial liabilities at initial recognition and, where allowed and appropriate, re-evaluates such designation at every reporting date.

As at December 31, 2017 and 2016, the Company does not have financial assets and liabilities at FVPL, HTM investments and AFS financial assets.

Loans and Receivables. Loans and receivables are financial assets with fixed or determinable payments and fixed maturities and that are not quoted in an active market. These are not entered into with the intention of immediate or short-term resale and are not classified or designated as AFS financial assets or financial asset at FVPL. Loans and receivables are included in current assets if maturity is within 12 months from reporting date. Otherwise, these are classified as noncurrent assets.

After initial measurement, loans and receivables are subsequently measured at amortized cost using the effective interest method, less allowance for impairment, if any. Amortized cost is calculated by taking into account any discount or premium on acquisition and any transaction cost which are directly attributable in the acquisition of the financial instrument. The amortization is included in profit or loss.

This category includes cash, trade and other receivables (excluding advances to officers and employees), advances to related parties, and rehabilitation cash fund (RCF), monitoring trust fund (MTF) and rental deposit (classified under "Other noncurrent assets").

Other Financial Liabilities at Amortized Cost. Financial liabilities are classified in this category if these are not held for trading or not designated as at FVPL upon the inception of the liability. These include liabilities arising from operations or through borrowing.

After initial recognition, other financial liabilities are subsequently measured at amortized cost using the effective interest method.

This category includes trade and other payables (excluding excise tax and other statutory payables), loans payable, long-term debt, advances from a related party and dividends payable.

# **Derecognition of Financial Assets and Liabilities**

Financial Assets. A financial asset (or where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the right to receive cash flows from the asset has expired; or
- the Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; or
- the Company has transferred its right to receive cash flows from the asset and either (a) has
  transferred substantially all the risks and rewards of the assets, or (b) has neither transferred
  nor retained substantially all the risk and rewards of the assets, but has transferred control over
  the asset.

Where the Company has transferred its right to receive cash flows from an asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Company's continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset, if any, is measured at the lower of original carrying amount of the asset and the maximum amount of consideration that the Company could be required to pay.

Financial Liabilities. A financial liability is derecognized when the obligation under the liability is discharged or cancelled or has expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of the new liability, and the difference in the respective carrying amount is recognized in profit or loss.

# Offsetting Financial Assets and Liabilities

Financial assets and liabilities are offset and the net amount reported in the consolidated statements of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis or to realize the asset and settle the liability simultaneously. This is not generally the case with master netting agreements where the related assets and liabilities are presented gross in the consolidated statements of financial position.

#### Impairment of Financial Assets

The Company assesses at each reporting date whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or group of financial assets is deemed impaired if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (an incurred "loss event") and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated. The carrying amount of the impaired account is reduced to the extent that it exceeds the asset's net realizable value. Impairment losses are recognized in full in profit or loss. If in a subsequent period, the amount of accumulated impairment losses has decreased because of an event occurring after impairment was recognized, the decline is allowed to be reversed to profit or loss to the extent that the resulting carrying amount will not exceed the amortized cost determined had no impairment been recognized.

### Cash

Cash in the consolidated statements of financial position comprise cash on hand and in banks, excluding any restricted cash. Restricted cash, which includes RCF and MTF, is not available for use by the Company and therefore is not considered highly liquid.

#### Inventories

Inventories, which consist of ore stockpiles, are physically measured or estimated and valued at the lower of cost and net realizable value (NRV). Cost consists of contractual services, personnel costs, depletion, depreciation and other costs that are directly attributable in bringing the ore in its saleable conditions. Cost is determined using the moving average method. NRV is the estimated selling price in the ordinary course of business, less the estimated cost necessary to make the sale.

#### **Other Current Assets**

Other current assets include prepaid income tax, mining and office supplies, prepaid expenses and advances to contractors and suppliers.

Prepaid Income Tax. Prepaid income tax represents creditable withholding tax and other tax credits of the Parent Company.

Mining and Office Supplies. Mining and office supplies comprise purchase costs of mechanical, electrical and other materials determined on a moving average method.

Prepaid Expenses. Prepayments represent expenses not yet incurred but paid in advance and are apportioned over the period covered by the payment and charged to profit or loss when incurred. Prepayments that are expected to be realized for no more than 12 months after the financial reporting period are classified as current assets. Otherwise these are classified as noncurrent assets.

Advances to Contractors and Suppliers. Advances to contractors and suppliers represent advance payments on goods or services to be purchased in connection with the mining operation. These are reclassfied to proper asset account in the consolidated statements of financial position or charged to expense in the consolidated statements of comprehensive income upon actual receipt of goods or services, which is normally within 12 months or within the normal operating cycle. Otherwise these are classified as noncurrent assets.

#### Property and Equipment

Property and equipment, except for land, are initially measured at cost less accumulated depreciation and any impairment in value. The cost of an asset consists of its purchase price and costs directly attributable to bringing the asset to its working condition for its intended use. Cost also includes any asset retirement obligation and capitalized interest on borrowed funds used in the case of a qualifying asset. Land is stated at cost less any impairment in value.

Subsequent expenditures relating to an item of property and equipment that have already been recognized are added to the carrying amount of the asset when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing asset, will flow to the Company. All other subsequent expenditures are recognized as expense in the period in which these are incurred.

Each part of an item of property and equipment with a cost that is significant in relation to the total cost of the item shall be depreciated separately.

Depreciation is calculated on a straight-line basis over the following estimated useful lives of the property and equipment:

	Number of Years
Building and improvements	5-20
Office furniture, fixtures and equipment	2-5
Heavy and transportation equipment	4-10

The estimated useful lives and depreciation method are reviewed periodically to ensure that these are consistent with the expected pattern of economic benefits from items of property and equipment.

Construction-in-progress is included in property and equipment and stated at cost which includes cost of construction and other direct costs. Construction-in-progress is not depreciated until such time the relevant assets are ready for operational use.

Fully depreciated property and equipment are retained in the accounts until they are no longer in use and no further depreciation are credited or charged to current operations.

When assets are retired or otherwise disposed of, the cost and the related accumulated depreciation and any impairment in value are removed from the accounts. Any resulting gain or loss is recognized in profit or loss.

#### Mining Rights and Other Mining Assets

Mining Rights. Mining rights include costs incurred in connection with acquisition of rights over mineral reserves. Rights over mineral reserves, which are measured, indicated or inferred, are capitalized as part of mining rights on explored resources if the reserves are commercially producible and that geological data demonstrate with a specified degree of certainty that recovery in future years is probable.

Mining rights are subject to amortization or depletion from the commencement of production on a unit-of-production method, based on proven and probable reserves. Costs used in the unit of production calculation comprise the net book value of capitalized costs plus the estimated future development costs. Changes in the estimates of mineral reserves or future development costs are accounted for prospectively.

Deferred Exploration Costs. Deferred exploration costs include costs incurred in connection with exploration activities. Deferred exploration cost is carried at cost less accumulated impairment losses.

Exploration and evaluation activities involve the search for mineral resources, the determination of technical feasibility and the assessment of commercial viability of the mineral resource.

Exploration and evaluation activities include:

- Gathering exploration data through geological studies;
- · Exploratory drilling and sampling; and
- Evaluating the technical feasibility and commercial viability of extracting the mineral resource.

Once the reserves are established and development is sanctioned, deferred exploration costs are tested for impairment and reclassified to mine development costs.

Mine and Mining Properties. Upon start of commercial operations, mine development costs are reclassified as part of mine and mining properties. These costs are subject to depletion, which is computed using the units-of-production method based on proven and probable reserves, which is reviewed periodically to ensure that the estimated depletion is consistent with the expected pattern of economic benefits from the mine and mining properties.

Deferred development costs and construction-in-progress related to an already operating mine are reclassified to mine and mining properties and stated at cost. Such costs pertain to expenses incurred in sourcing new resources and converting these into reserves, which are not depleted or amortized until the development has been completed and become available for use.

# **Impairment of Nonfinancial Assets**

The Company assesses at each reporting date whether there is an indication that nonfinancial assets may be impaired when events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If any such indication exists and if the carrying amount exceeds the estimated recoverable amount, the asset or cash-generating unit (CGU) is written down to its recoverable amount, which is the greater of fair value less cost to sell and value in use. The fair value less cost to sell is the amount obtainable from the sale of an asset in an arm's-length

transaction. In assessing value in use, the estimated future cash flows are discounted to present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the CGU to which the asset belongs. Impairment losses are recognized in profit or loss.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. In such instance, the carrying amount of the asset is increased to its recoverable amount. However, that increased amount cannot exceed the carrying amount that would have been determined, net of any depreciation and depletion, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit or loss. After such reversal, the depreciation and depletion charges are adjusted in future years to allocate the asset's revised carrying amount, on a systematic basis over its remaining useful life.

# **Employee Benefits**

Short-term Benefits. The Company provides short-term benefits to its employees in the form of basic and 13th month pay, bonuses, employer's share on government contribution and other short-term benefits.

Retirement Benefits. The Company has an unfunded, non-contributory defined benefit plan covering all qualified employees. The retirement benefits expense is determined using the projected unit credit method which reflects services rendered by employees to the date of valuation and incorporates assumptions concerning employees' projected salaries.

The Company recognizes service costs, comprising of current service costs, past service costs, gains and losses on curtailments and non-routine settlements; and net interest cost in profit or loss. Net interest cost is calculated by applying the discount rate to the retirement benefit liability.

Current service costs are the increase in the present value of the defined benefit obligation resulting from employee service and are recognized in profit or loss.

Past service costs are recognized in profit or loss on the earlier of the date of the plan amendment or curtailment; and the date that the Company recognizes restructuring related costs.

Remeasurements comprising actuarial gains and losses and any change in the effect of the asset ceiling (excluding net interest cost on retirement benefit liability) are recognized immediately in other comprehensive income (OCI) in the period in which they arise. Remeasurements are not reclassified to profit or loss in subsequent periods.

The retirement benefit liability is the aggregate of the present value of the defined benefit obligation which is determined by discounting the estimated future cash outflows using interest rate on government bonds that have terms to maturity approximating the terms of the related retirement benefit liability.

Actuarial valuations are made with sufficient regularity so that the amounts recognized in the consolidated financial statements do not differ materially from the amounts that would be determined at the reporting date.

#### **Borrowing Costs**

Borrowing costs directly attributable to the development, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the asset. Capitalization of borrowing costs commences when activities to prepare the asset are in progress and expenditures and borrowing costs are being incurred.

Capitalization ceases when substantially all the activities necessary to prepare the asset for its intended use or sale are complete. Borrowing costs consist of interest and other financing costs that the Company incurs in connection with the borrowing of funds.

All other borrowing costs are recognized and charged to profit or loss as incurred.

# Equity

Capital Stock. Capital stock is measured at par value for all shares issued and outstanding.

APIC. APIC is the excess over par value of consideration received for the subscription and issuance of shares of stock. Incremental costs directly attributable to the issuances of capital stock are recognized as a deduction from equity.

Retained Earnings. Retained earnings represent the cumulative balance of the Company's operating results, dividend distributions, effect of change in accounting policy and other capital adjustments.

OCI. OCI comprises of items of income and expenses that are not recognized in profit or loss for the year in accordance with PFRS. OCI pertains to remeasurement gain or loss on retirement benefit liability.

# **Deposit for Future Stock Subscription**

Deposit for future subscription represents funds received from existing or potential stockholders to be applied as payment for future issuance of capital stock. Deposit for future stock subscription is recognized as equity if and only if, all of the following elements set forth by the SEC are present as of end of the reporting period:

- The unissued authorized capital stock of the entity is insufficient to cover the amount of shares indicated in the contract;
- There is BOD and stockholders' approval on the proposed increase in authorized capital stock (for which a deposit was received by the corporation);
- The application for the approval of the proposed increase has been filed with the SEC.

If any or all of the foregoing elements are not present, the transaction should be recognized as a liability.

# Revenue Recognition

Revenue is recognized to the extent that it is probable that economic benefits will flow to the Company and the amount of revenue can be measured reliably. Revenue is recognized as follows:

Sale of Ore. Sale of ore is recognized upon delivery of goods to and acceptance by customers.

Reservation Fee for Ore Allocation. Revenue is recognized when the grant of right to ore to be provided in the future is established.

Interest Income. Interest income is recognized in profit or loss as it accrues, taking into account the effective yield on the asset.

Other Income. Income from other sources is recognized when earned during the period.

# **Cost and Expense Recognition**

Costs and expenses are recognized in profit or loss when there is a decrease in future economic benefit related to a decrease in an asset or an increase in a liability that can be measured reliably.

Cost of Sales. Cost of sales is recognized when the related goods are sold.

Operating Expenses. Operating expenses constitute costs of administering the business and costs incurred to sell and market goods and services. These are expensed as incurred.

#### Leases

The determination of whether an arrangement is or contains a lease is based on the substance of the arrangement at the inception date, whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets, and the arrangement conveys a right to use the asset. A reassessment is made after inception of the lease only if one of the following applies:

- a. there is a change in contractual terms, other than a renewal or extension of the arrangement;
- a renewal option is exercised or extension granted, unless the term of the renewal or extension was initially included in the lease term;
- there is a change in the determination of whether fulfillment is dependent on a specified asset;
   or
- there is a substantial change to the asset.

Where reassessment is made, lease accounting shall commence or cease from the date when the change in circumstances gave rise to the reassessment for scenarios (a), (c) or (d) and at the date of renewal or extension period for scenario (b).

Operating Lease - Company as Lessee. Leases where the lessor retains substantially all the risks and rewards of ownership are classified as operating leases. Operating lease payments are recognized as an expense in profit or loss on a straight-line basis over the lease term. For income tax purposes, expenses under operating lease agreements are treated as deductible expense in accordance with the terms of the lease agreements.

#### Foreign Currency-Denominated Transactions

Transactions in foreign currencies are recorded using the exchange rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are restated using the closing exchange rate at reporting date. Exchange rate differences arising from the translation or settlement of monetary items at rates different from those at which these were initially recorded during the period are recognized in the profit or loss in the period these arise.

For income tax reporting purposes, foreign exchange gains or losses are treated as taxable income or deductible expenses in the period such are realized.

#### Income Taxes

Current Tax. Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rate used to compute the amount is the one that has been enacted or substantively enacted at the reporting date.

Deferred Tax. Deferred tax is provided on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, carryforward benefits of any unused tax credits from the excess of minimum corporate income tax (MCIT) over the regular corporate income tax (RCIT) and any unused net operating loss carryover (NOLCO), to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and carryforward benefits of unused MCIT and unused NOLCO can be utilized. Deferred tax, however, is not recognized when it arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rate and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognized in profit or loss except to the extent that it relates to a business combination, or items directly recognized in equity as other comprehensive income.

Deferred tax assets and liabilities are offset, if a legally enforceable right exists to offset current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

# Value Added Tax (VAT)

Revenues, expenses and assets are recognized net of the amount of VAT, except:

- where the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the tax is recognized as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of tax included.

The net amount of tax recoverable from the taxation authority is included as part of "Other noncurrent assets" in the consolidated statements of financial position.

#### Deferred Input VAT

In accordance with the Revenue Regulation (RR) No. 16-2005, input VAT on purchases or imports of capital goods (depreciable assets for income tax purposes) with an aggregate acquisition cost (exclusive of VAT) in each of the calendar month exceeding \$1.0 million are claimed as credit against output VAT over 60 months or the estimated useful lives of capital goods, whichever is shorter.

#### **Related Parties**

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence.

#### Provisions and Contingencies

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Company expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in profit or loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pretax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as interest expense.

Provisions for Mine Rehabilitation and Decommissioning. The Company recognizes provisions when there is partial fulfillment of obligation to restore operating locations at the end of the reporting period. The nature of these restoration activities includes dismantling and removing structures, rehabilitating mines and tailings dams, dismantling operating facilities, closure of plant and waste site and restoration, reclamation and revegetation of affected areas. The obligation generally arises when the asset is installed or the ground/environment is disturbed at the production location.

Where applicable, the Company recognizes a mine rehabilitation asset under the mine and mining properties related to the obligation arising from the mine rehabilitation and decommissioning. The cost of such asset corresponds to the present value of future cost of rehabilitation and decommissioning and amortized over expected settlement of the obligation using units of production method. The estimated future costs of rehabilitation and decommissioning are reviewed annually and adjusted prospectively. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset. Any amount deducted from the cost of asset shall not exceed its carrying amount. In case the decrease in the obligation exceeds the carrying amount of the asset, the excess shall be recognized immediately in profit or loss.

Contingencies. Contingent liabilities are not recognized in the consolidated financial statements. These are disclosed in the notes to consolidated financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the consolidated financial statements but are disclosed in the notes to consolidated financial statements when an inflow of economic benefits is probable.

# Earnings Per Share

*Basic.* Basic earnings per share is calculated by dividing the net income by the weighted average number of common shares outstanding during the year, excluding common shares purchased by the Company and held as treasury shares, if any.

*Diluted.* Diluted earnings per share is calculated by adjusting the weighted average number of common shares outstanding to assume conversion of all potential dilutive common shares during the period.

# **Events After the Reporting Date**

Post year-end events that provide additional information about the Company's financial position at the end of reporting date (adjusting events) are reflected in the consolidated financial statements. Post year-end events that are non-adjusting events are disclosed in the notes to consolidated financial statements when material.

#### Segment Reporting

The Company has one operating segment which consists of mining exploration, development and production. The Company's asset producing revenues are located in the Philippines.

# 3. Significant Judgment, Accounting Estimates and Assumptions

PFRS requires management to make judgment and estimates that affect the amounts reported in the consolidated financial statements. The judgment and estimates used in the consolidated financial statements are based upon management's evaluation of relevant facts and circumstances as at the reporting date. While the Company believes that the assumptions are reasonable and appropriate, significant differences in the actual experience or significant changes in the assumptions may materially affect the estimated amounts. Actual results could differ from such estimates.

### Judgment

In the process of applying the Company's accounting policies, management has made the following judgment, apart from those involving estimates, which have the most significant effect on the amounts recognized in the consolidated financial statements.

Assessing the Ability of the Company to Continue as a Going Concern. The Company received an order from the DENR for the cancellation of its MPSA. The management and its legal counsel believe that the order has no basis and the outcome of the legal actions taken will not have a material adverse effect on the Company's operations (see Note 1). Accordingly, the management has assessed that the company will continue as a going concern.

Establishing Control over the Subsidiaries. The Parent Company determined that it has control over the subsidiaries by considering, among others, its power over the investee, exposure or rights to variable returns from its involvement with the investee, and the ability to use its power over the investee to affect its returns.

Determining Functional Currency. Based on the economic substance of the underlying circumstances relevant to the Company, the functional currency of the Company has been determined to be the Philippine Peso, which is the currency of the primary economic environment in which the Company operates.

Determining Operating Segments. Determination of operating segments is based on the information about the components that management uses to make decisions about the operating matters of the Company. Operating segments use internal reports that are regularly reviewed by the Company's chief operating decision maker, which is defined to be the Company's BOD, in order to allocate resources to the segment and assess its performance.

Management has assessed that the Company has only one operating segment which consists of mining exploration, development and production.

Accounting for Operating Lease - Company as Lessee. The Company has an operating lease agreement for its office space. The Company has determined that the risks and benefits of ownership related to the leased properties are retained by the lessor. Accordingly, the lease is accounted for as an operating lease.

Rent expense amounted to \$8.7 mllion, \$4.3 million and \$0.9 million in 2017, 2016 and 2015, respectively (see Note 18).

# Accounting Estimates and Assumptions

The key estimates concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

Estimating Allowance for Impairment of Trade and Other Receivables and Advances to Related Parties. The Company maintains allowance for receivable impairment at a level considered adequate to provide for potential uncollectible receivables. The level of this allowance is evaluated by management on the basis of factors that affect the collectibility of the accounts. These factors include, but are not limited to, the length of the Company's relationship with the customer, the customer's payment behavior and known market factors. The Company identifies and provides for specific accounts that are doubtful of collection and reviews the age and status of the remaining receivables and establishes a provision considering, among others, historical collection and write-off experience.

Allowance for receivable impairment amounted to ₱11.0 million as at December 31, 2017 and 2016 (see Note 6).

The carrying amounts of the Company's receivables are as follows:

	Note	2017	2016
Trade and other receivables	6	P232,793,388	₽65,897,770
Advances to related parties	21	42,828,377	125,391,740

Estimating NRV of Inventories. The Company recognizes loss on inventories whenever NRV becomes lower than costs due to damage, physical deterioration, obsolescence, changes in price levels or other causes. NRV is reviewed on a monthly basis to reflect the accurate valuation in the financial records.

The carrying amount of inventories, which is measured at the lower of cost and NRV, amounted to ₹229.4 million and ₹133.3 million as at December 31, 2017 and 2016, respectively (see Note 7).

Estimating the Realizability of Input VAT. The Company assesses the realizability of Input VAT based on its ability to utilize the asset. The assessment is made on a continuing basis year on year.

The carrying amount of input VAT, which is included as part of "Other noncurrent assets" account in the consolidated statements of financial position, amounted to \$202.4 million and \$283.5 million as at December 31, 2017 and 2016, respectively (see Note 11).

Estimating Useful Lives of Property and Equipment. The Company estimates the useful lives of property and equipment based on the period over which the assets are expected to be available for use. The Company reviews annually the estimated useful lives of property and equipment based on factors that include asset utilization, internal technical evaluation, technological changes, environmental changes and anticipated use of the assets.

There were no changes in estimated useful lives of property and equipment in 2017 and 2016. Property and equipment, net of accumulated depreciation, amounted to P381.3 million and P391.4 million as at December 31, 2017 and 2016, respectively (see Note 9).

Estimating Depletion Rate and Recoverable Reserves. Depletion rates used to amortize mine and mining properties and mining rights under "Mining rights and other mining assets" account presented in the consolidated statements of financial position are assessed on an annual basis based on the results of latest estimate of recoverable reserves, which is subject to future revisions. Recoverable reserves and resource estimates for development project are, to a large extent, based on the interpretation of geological data obtained from drill holes and other sampling techniques and feasibility studies which derive estimates of cost based upon anticipated tonnage and grades of ores to be mined and processed, the configuration of the ore body, expected recovery rates from the ore, estimated operating costs, estimated climatic conditions and other factors. Proven reserve estimates are attributed to future development projects only where there is a significant commitment to project funding and execution and for which applicable governmental and regulatory approvals have been secured or are reasonably certain to be secured. The Company's reserves are estimated based on local regulatory guidelines provided under the Philippine Mineral Reporting Code and duly reviewed and verified by a competent person.

The carrying amounts of mining rights and other mining assets are as follows:

V	Note	2017	2016
Mining rights	10	P2,625,357,305	P1,044,207,566
Mine and mining properties	10	1,162,652,800	959,875,897

Estimating Provision for Mine Rehabilitation and Decommissioning. The Company recognizes provision for its obligation to decommission and rehabilitate mine sites at the end of term of its MPSA. The provision represents the best estimate of the expenditures required to settle the present obligation at the current reporting date. The amount of provision depends on the completeness of rehabilitation and decommissioning activities performed by the Company during and immediately after every mining operation. Changes in rehabilitation and decommissioning costs are recognized as additions or charges to the corresponding provision when these occur.

While the Company has made its best estimate in establishing the decommissioning and rehabilitation provision, because of potential changes in technology as well as safety and environmental requirements, plus the actual time scale to complete decommissioning and rehabilitation activities, the ultimate provision requirements could either increase or decrease significantly from the Company's current estimates. The obligation to rehabilitate and decommission a mine generally arises when the ground/environment is disturbed at the production location.

Mine rehabilitation asset, recognized under the mine and mining properties and presented as part of "Mining assets" in the statements of financial position, amounted to ₹35.9 million and ₹38.0 million as at December 31, 2017 and 2016, respectively (see Note 10).

Provision for mine site rehabilitation and decommissioning amounted to \$49.8 million and \$47.7 million as at December 31, 2017 and 2016, respectively (see Note 13).

Assessing Impairment of Nonfinancial Assets. The Company assesses impairment on nonfinancial assets whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The factors that the Company considers important which could trigger an impairment review include the following:

- significant underperformance relative to expected historical or projected future operating results;
- significant changes in the manner of use of the acquired assets or the strategy for overall business; or
- significant negative industry or economic trends.

No impairment loss was recognized in 2017, 2016 and 2015.

The carrying amounts of the Company's nonfinancial assets are as follows:

	Note	2017	2016
Mining rights and other mining assets	10	P3,865,845,679	₽2,004,083,463
Property and equipment	9	381,263,997	391,403,309
Other current assets	8	93,729,220	90,043,062
Other noncurrent assets (excluding		75227A7 D 57-077 A	
financial assets and input VAT)	11	103,397,035	108,736,546

Estimating Retirement Benefit Liability. The determination of the Company's retirement benefit liability and costs is dependent on the selection by management of assumptions used by actuaries in calculating such amounts. Those assumptions include, among others, discount rate and salary increase rate.

Actual results that differ from the Company's assumptions are recorded as addition to or deduction from retirement benefit liability and recognized in profit or loss or other comprehensive income. One or more of the actuarial assumptions may differ significantly and as a result, the actuarial present value of the retirement benefit obligation estimated as at reporting date may differ significantly from the amount reported.

Retirement benefit liability amounted to \$36.4 million and \$45.9 million as at December 31, 2017 and 2016, respectively (see Note 20).

Recognizing of Deferred Tax Assets. The Company reviews the carrying amount of deferred tax assets at each reporting date and reduces deferred tax assets to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the deferred tax assets to be utilized.

The Company's recognized deferred tax assets amounted to ₹11.6 million and ₹14.0 million as at December 31, 2017 and 2016, respectively (see Note 23).

Deferred tax assets were not recognized on NOLCO, MCIT and retirement benefit liability as at December 31, 2017 and 2016 because the management believes that there will be no sufficient future taxable profits against which the deferred tax asset can be utilized.

The Company's unrecognized deferred tax assets amounted to ₹15.8 million and ₹16.4 million as at December 31, 2017 and 2016, respectively (see Note 23).

# 4. Acquisition of Group of Assets

On December 29, 2017, the SEC approved the application for merger of the Parent Company, BHI and APMPC, with the Parent Company as surviving entity (see Note 1). As at the acquisition date, BHI's and APMPC's assets consist mainly of mining rights and deferred exploration costs. Management determined that based on the substance of the underlying circumstances at that date, BHI and APM did not constitute a business and, accordingly, was not accounted for as a business combination. The transaction was accounted for as an acquisition of a group of assets, wherein the acquisition cost was allocated among the individual identifiable assets net of liabilities assumed in the group based on their relative fair values.

Allocation of the acquisition cost of the group of assets and liabilities of BHI and APM are as follows:

	ВНІ	APM	Allocation
Assets			
Current assets	₽2,862,560	₽111,725	P2,974,285
Mining rights	695,649,865	945,163,500	1,640,813,365
Deferred exploration costs	75,640,185	2,195,389	77,835,574
Property and equipment	2,062,499	100 Maria 100 Ma	2,062,499
	776,215,109	947,470,614	1,723,685,723
Liabilities			
Due to related parties	111,856,563	14,897,589	126,754,152
Deferred tax liability	211,153,999	254,108,760	465,262,759
Loans payable	1,742,257		1,742,257
Other liabilities	1,462,290	3,464,265	4,926,555
	326,215,109	272,470,614	598,685,723
Net assets acquired	₽450,000,000	₽675,000,000	₽1,125,000,000

The consideration for the acquisition cost consists of 1,125,000,000 common shares of the Parent Company issued at \$1 per share.

The fair value of the mining rights used as basis for allocating the acquisition cost are based on report by Competent Persons (CP) dated June 30, 2017 and was arrived at using the Discounted Cash Flow method (DCF) under the income approach methodology. Under this approach, the value of an asset is determined by reference to the value of income, cash flow or cost savings generated by the asset. Under the DCF method, the forecasted cash flows is discounted back to the valuation date, resulting in a present value of the asset.

The significant unobservable inputs used in the fair value measurement categorized within Level 3 of the fair value hierarchy of the Group's mining rights follows:

	BHI	APM
Mining life	10	20
Discount rate	12%	12%
Estimated mineral ore reserves (WMT):		
Nickel ore	9,513,459	_
Bauxite ore	100 200	28,904,888
Market price (per WMT)	₽850 to ₽1,550	P1,350 to P1,550
Estimated annual shipment of mineral ore (WMT)	951,345	1,445,244
Production costs:		
Average variable cost	₽477 to ₽479	₽663
Fixed	₽448	₽490
Operating costs (percentage of gross revenue)	18%	19% to 33%
Estimated project costs	₽976,901,820	₽1,693,192,588
Exchange rate of Philippine Peso to US Dollar	₽50: \$1	₽50: \$1

Discount Rate. The risk inherent in the pre-feasibility study stage and scale of production was considered in determining the Risk Adjusted Discount Rate that was used to discount the net cash flows generated from shipments during the period of analysis.

Estimated Mineral Ore Reserves. Ore reserve estimation is performed by the CP in accordance with Philippine Mineral Reporting Code.

Market Prices. Market prices are based on the Bloomberg conservative Nickel ore price forecast and Shanghai metal market for the nickel and bauxite mineral ore, respectively.

*Production Costs.* Estimated costs incurred in extracting mineral ores that composed of variable and fixed costs.

Operating Cost. Estimated cost of administering the business and costs incurred to sell and market goods.

Estimated Project Costs. Project costs pertain to project-related capital expenditures such as mining equipment fleet, mine support services equitment and tools, mine development works and infrastructures, safety equipment, environmental facilities, exploration expenses, permits and licenses and final mine rehabilitiation and decommissioning program.

# Sensitivity Analysis

Significant increases (decreases) in estimated mineral ore reserves, market price and exchange rate in isolation would result in a significantly higher (lower) fair value measurement. Significant increases (decreases) in discount rate, production and operating costs and estimated project costs in isolation would result in a lower (higher) fair value measurement.

# Information about the absorbed companies

BHI. BHI was incorporated and registered with SEC on January 11, 2017 to deal with any and all properties of every kind and description to the extent permitted by law provided it shall not engage in the business of an investment company as defined in the Republic Act 2629, Investment Company Act, or act as a securities broker or dealer. BHI owns 100% interest in BGRC (see Note 1).

APMPC. APMPC was incorporated and registered with SEC on August 14, 2013 to engage in mining activities. APM owns 100% interests in AMPI and BARI (see Note 1).

# 5. Cash

This account consists of:

·	2017	2016	
Cash on hand	P155,951	₽259,726	
Cash in banks	46,906,584	164,314,817	
Vertical Control Contr	₽47,062,535	₽164,574,543	

Cash in banks earn interest at prevailing bank deposit rates. Interest income was earned from the following sources:

	Note	2017	2016	2015
Cash in banks		P171,058	₽243,983	P333,664
Other noncurrent assets	11	44,321	36,580	43,814
		P215,379	₽280,563	₽377,478

# 6. Trade and Other Receivables

This account consists of:

2017	2016
P201,115,654	₽39,773,558
28,547,655	24,377,320
14,166,606	12,783,419
243,829,915	76,934,297
(11,036,527)	(11,036,527)
P232,793,388	₽65,897,770
	P201,115,654 28,547,655 14,166,606 243,829,915 (11,036,527)

Trade receivables are noninterest-bearing and usually collected within 30 days.

Advances to officers and employees are unsecured, noninterest-bearing and subject to liquidation within one year.

Others primarily include advances to former related parties which are fully provided with allowance.

No provision for impairment loss was recognized in 2017, 2016 and 2015.

#### 7. Inventories

This account consists of beneficiated nickel ore amounting to ₱229.4 million and ₱133.3 million which is stated at cost as at December 31, 2017 and 2016. The cost of inventories is lower than its NRV.

Inventories charged to "Cost of sales" account in the consolidated statements of comprehensive income amounted P1,335.9 million, P1,421.7 million and P2,065.8 million in 2017, 2016 and 2015, respectively (see Note 17).

#### 8. Other Current Assets

This account consists of:

	2017	2016
Prepaid income tax	P49,646,183	₽38,349,000
Mining and office supplies	22,537,023	32,438,783
Prepaid expenses	7,926,806	8,714,578
Advances to contractors and suppliers	5,825,769	4,999,993
Others	7,793,439	5,540,708
	P93,729,220	P90,043,062

Prepaid income tax represents creditable withholding tax and other tax credits of the Parent Company.

Mining and office supplies include mechanical, electrical and other materials that will be used in the Company's mining operation.

Prepaid expenses pertain to insurance and rent.

Advances to contractors and suppliers include materials and fuel and oil to be supplied for the use of the heavy equipment and are deductible against future billings.

Others pertain to advances made to National Commission of Indigenous People (NCIP).

# 9. Property and Equipment

Movements in this account are as follows:

	2017						
	Land	Building and Improvements	Office Furniture, Fixtures and Equipment	Heavy and Transportation Equipment	Construction in-progress	Total

Net Carrying Amount	₽57,933,414	₽95,421,312	₽27,982,262	P198,318,654	₽11,747,667	₱391,403,309	

Construction-in-progress pertains to on-going mine developments which are expected to be completed in 2019.

Heavy and transportation equipment with carrying value of \$\mathbb{P}63.8\$ million and \$\mathbb{P}92.4\$ million as at December 31, 2017 and 2016, respectively, are held as collaterals for loans payable. In 2017, the Company obtained additional long-term debt with transportation equipment held as collateral with carrying amount of \$\mathbb{P}1.5\$ million (see Note 14).

In 2017, 2016 and 2015, the Company disposed of property and equipment with a carrying value of ₽47.5 million, ₽0.9 million and ₽5.3 million resulting to loss of ₽19.5 million, ₽0.9 million and ₽0.7 million, respectively (see Note 19).

Depreciation is allocated to profit or loss as follows:

	Note	2017	2016	2015
Charged to:				
Cost of sales	17	P21,473,667	₽92,267,699	P146,539,445
Operating expenses	18	52,866,447	52,174,894	42,756,038
		74,340,114	144,442,593	189,295,483
Capitalized to mine development				
costs	10	10,680,519	9,714,743	-
		P85,020,633	₽154,157,336	P189,295,483

Fully depreciated property and equipment with cost of P72.3 million and P32.7 million as at December 31, 2017 and 2016, respectively, are still being used by the Company and retained in the accounts.

# 10. Mining Rights and Other Mining Assets

# Mining Rights

Mining rights of the Group consist of:

	Note	2017	2016
Mining rights on explored resources		P984,543,940	₽1,044,207,566
Mining rights of BGRC, AMPI and BARI	4	1,640,813,365	-
		P2,625,357,305	₽1,044,207,566

Mining Rights of MMDC. Mining rights of MMDC represent the excess of the fair value of shares issued by the Company over the book value of the net assets of MMDC when the Company acquired 100% ownership in MMDC.

A third party was commissioned for a fairness opinion on the fair and reasonable value of MMDC, primarily for the explored mineral resources covered by MMDC's MPSA. The assumptions used on the valuation include, among others, discount rate of 25% and a constant nickel price of US\$11,000 per metric ton over a ten-year projection period.

# **Deferred Exploration Costs**

Deferred exploration costs pertains to the capitalized expenditures associated with finding specific mineral resources such as acquisition of rights to explore, geological and geophysical studies and exploration drilling and sampling.

# Mine and Mining Properties

Mine Development Costs. Mine development costs include the costs incurred on an already operating mine area. Such costs pertain to expenses incurred in sourcing new resources and converting these into reserves, road developments and developing additional mine yards.

The additions in mine and mining properties include construction of roads, bridges and mine yards, and depreciation of heavy equipment used for developing additional mine yards and road improvements amounting to \$10.7 million and \$9.7 million in 2017 and 2016, respectively (see Note 9).

Mine Rehabilitation Asset. Mine rehabilitation asset is the estimated rehabilitation cost of MMDC's mine site upon termination of MMDC's ore activities, as required in MMDC's MPSA (see Note 13).

#### 11. Other Noncurrent Assets

This account consists of:

	Note	2017	2016
Input VAT		P302,373,370	₽283,517,108
Advances to a contractor		101,139,441	107,238,890
RCF		5,433,209	5,381,089
MTF		164,537	163,299
Rental deposit	22	465,959	391,158
Others	7,000,00	2,257,594	1,497,656
		₽411,834,110	₽398,189,200

Advances to contractor are advanced payments made to the contractor to build and operate a nickel processing plant.

RCF is reserved as part of the Company's compliance with the approved rehabilitation activities and schedules for specific mining project phase, including research programs as defined in the Environmental Protection and Enhancement Program.

MTF is exclusively used in activities approved by the Mine Rehabilitation Fund Committee.

Interest income from RCF and MTF amounted to P44,321, P36,580 and P43,814 in 2017, 2016 and 2015 respectively (see Note 5).

# 12. Trade and Other Payables

This account consists of:

	Note	2017	2016
Trade payables		P230,248,768	₽64,157,349
Excise tax and other statutory payables		40,576,834	35,056,523
Accrued expenses:			
Interest	14	138,547	186,590
Salaries and wages		<del>-</del> .	4,493
Others		14,649,017	2,854,168
Others		2,207,748	791,346
		P287,820,914	₽103,050,469

Trade payables primarily consist of liabilities arising from transactions with contractors and suppliers related to the normal course of business. These are generally noninterest bearing except for a portion which is bearing interest at 12% per annum. Trade payables are generally on a 90-day credit term.

Interest expense related to trade payable amounted to \$0.2 million in 2015, respectively (see Note 14).

Other statutory payables include other taxes payable and mandatory contributions. These are normally settled within one month after the end of the reporting period.

Other accrued expenses include accrual of expenditures for social development management program as required by the MGB.

Others pertain to advances from a former related party.

#### 13. Provision for Mine Rehabilitation and Decommissioning

The movements in this account are as follows:

	Note	2017	2016
Balance at beginning of year		P47,707,979	P45,709,730
Accretion of interest	14	2,088,831	1,998,249
		P49,796,810	P47,707,979

A provision is recognized for the estimated rehabilitation costs of the Company's mine site upon termination of the Company's ore extraction activities, which is about 13 years. The provision is calculated by the Company's engineers based on an estimate of the expected cost to be incurred to rehabilitate the mine site. The provision is presented at discounted value using the Philippine bond yield of 4.53% as the effective interest rate.

# 14. Loans Payable

This account consists of:

	2017	2016
Short-term loan – MMDC	P80,000,000	P100,000,000
Long-term debt:		
MMDC	₽56,742,825	₽74,316,486
BGRC	1,742,257	_
	58,485,082	74,316,486
Less current portion	21,364,876	19,102,704
	P37,120,206	₽55,213,782

#### Short-term Loan

MMDC obtained a short-term loan from a local bank to finance working capital requirements. The short-term loan bears interest rates ranging from 5.00% to 5.50% to be repriced every month has maturity of not more than one year.

On January 12, 2015, MMDC obtained credit facility amounting to ₱200.0 million, ₱20.0 million and ₱100.0 million of which was paid in 2017 and 2015, respectively, and domestic bills purchase line amounting to ₱5.0 million from a local bank. The credit facility is secured by the interests and rights of the Parent Company over 647,692 shares of stocks of MMDC.

#### Long-term Debt

#### MMDC

In 2017, the Company obtained a five (5) year promissory note of \$1.6 million from a local bank. The note which is covered by a chattel mortgage on transportation equipment, bears an annual interest rate of 10.34% and is maturing on July 11, 2022.

The carrying amount of transportation equipment held as collateral amounted to ₹1.5 million as at December 31, 2017 (see Note 9).

On July 15, 2015, the Company obtained a five (5) year promissory note of \$\mathbb{P}\$100.0 million from a financing company. The note which is covered by a chattel mortgage on transportation equipment, bears an annual interest rate of 6% and is maturing on July 15, 2020.

The carrying amount of transportation equipment held as collateral amounted to ₱63.8 million and ₱92.4 million as at December 31, 2017 and 2016, respectively (see Note 9).

In 2013, the Company obtained a three (3) year loan from a local bank amounting to P1.5 million to meet working capital requirements. The loan which bears an annual interest rate at 11.81% is secured by heavy and transportation equipment. The loan was fully settled in 2016.

#### **BGRC**

On June 30, 2016, BGRC obtained secured promissory notes with chattel mortage from a local bank amounting to \$2.6 million. The loans bear a fixed interest rate of 9.02% per annum. The principal and interest are payabe monthly starting July 30, 2016 until May 30, 2020.

Interest expense of the Company was incurred from the following sources:

	Note	2017	2016	2015
Loans payable		P9,768,101	P10,123,094	₽11,660,627

Balance at beginning of year	₽212,655,494	₽212,655,494
Proceeds in excess of par value	27,276,000	
Balance at end of year	P239,931,494	₽212,655,494

On December 29, 2017, the SEC approved the increase in authorized capital stock of the Parent Company to accommodate the merger, as stated in Note 1, from 2,000,000,000 shares at £1 par value to 4,000,000,000 shares at £1 par value a share. Out of this increase, a total of 1,125,000,000 of the Parent Company's common shares were issued to BHI and APMPC shareholders at £1 per share.

In 2017, a stockholder subscribed additional 22,730,000 shares of the Parent Company at P2.2 per share with the total proceeds of P50.0 million resulting to P27.3 million proceeds in excess of par value.

In 2017, the Parent Company received an advances from a stockholder amounting \$75.0 million intended for future stock subscription.

# **Retained Earnings**

Cash dividends declared by the Company are as follows:

			Stockholders of	
Date Approved	Per Share	Total Amount	Record Date	Payment Date
				On or after
November 14, 2014	₽0.15	P273,203,790	December 19, 2014	January 16, 2015
September 19, 2014	0.15	273,203,790	October 1, 2014	October 22, 2014

Dividends payable amounted to ₱4.7 million and ₱5.0 million as at December 31, 2017 and 2016, respectively.

# 16. Revenue

This account consists of:

	2017	2016	2015
Sale of ore	P1,965,721,726	₽1,819,748,114	P2,198,716,173

		P1,335,907,606	₽1,421,749,117	₽2,065,758,686

Contractual services pertain to activities directly related to mining. The services include, among others, mine extraction, loading, hauling, barging and stevedoring.

Production overhead consists of repairs and maintenance of heavy equipments, utilities, mining supplies used, among others.

Demurrage costs are fees charged by the chartered ship for failure to load the mineral ores to ship within the agreed period.

Under Section 80 of the Republic Act No. 7942, *The Mining Act of 1995*, government share in an MPSA shall be an excise tax of 2.0% on gross output on mineral products.

# 18. Operating Expenses

This account consists of:

Income from sale of scrap		1,631,825	_	
Foreign exchange gain		808,738	11,687,034	29,526,583
Service income		_	5,000,000	-
Others		1,624,768	(277,778)	230,770
		(₽15,475,531)	₽15,555,463	₽29,072,181

# 20. Retirement Benefit Liability

The Company has an unfunded, noncontributory defined benefit plan covering all its permanent employees. Under this plan, the employees are entitled to retirement benefits ranging from 50% to 200% of the final monthly salary for each year of credited service. This plan is in accordance with Republic Act No. 7641, which mandates a minimum retirement benefit equivalent to one-half month salary per year of service.

An independent actuary conducted a valuation of the retirement benefit obligation using the projected unit credit method. The latest actuarial valuation is for the year ended December 31, 2017.

The components of retirement benefit expense presented under "Operating expenses" account in profit or loss are as follows:

4	2017	2016	2015
Current service cost	P6,939,581	₽13,732,263	₽12,321,708
Net interest cost	2,473,147	1,727,190	1,278,212
2	P9,412,728	₽15,459,453	₽13,599,920

The retirement benefit liability recognized in the consolidated statements of financial position as at December 31, 2017 and 2016 and changes in the present value of defined benefit obligation are as follows:

	2017	2016
Balance at beginning of year	P45,939,509	₽34,900,776
Current service cost	6,939,581	13,732,263
Net interest cost	2,473,147	1,727,190
Net actuarial gain	(18,951,243)	(4,420,720)
Balance at end of year	P36,400,994	₽45,939,509

The principal actuarial assumptions used to determine retirement benefit for 2017 and 2016 are as follows:

	2017	2016
Discount rates	5.68%	5.36%
Salary increase rates	5.00%	5.00%

The plan exposes the Company to actuarial risks, such as interest rate risk and salary risk.

Sensitivity analysis on defined benefit obligation as at December 31, 2017 is as follows:

	Change in	Effect on defined
	basis points	benefit obligation
Discount rate	+100	(P4,127,508)
	-100	5,018,493
Salary increase rate	+100	5,006,393
	-100	(4,175,499)

Each sensitivity analysis on the significant actuarial assumptions was prepared by remeasuring the defined benefit obligation at the end of each reporting date after adjusting one of the current assumptions according to the applicable sensitivity increment or decrement (based on changes in the relevant assumption that were reasonably possible at the valuation date) while all other assumptions remained unchanged.

The changes assumed to be reasonably possible at the valuation date are open to subjectivity, and do not consider more complex scenarios in which changes other than those assumed may be deemed more responsible.

The cumulative actuarial gains recognized in other comprehensive income as at December 31 follows:

	2017		
		Deferred Tax	
	Accumulated	Liability	<b>Net Actuarial</b>
	Actuarial Gain	(see Note 23)	Gain
Balance at beginning of year	P31,710,719	(P9,513,215)	P22,197,504
Actuarial gain	18,951,243	(5,685,373)	13,265,870
Balance at end of year	₽50,661,962	(P15,198,588)	P35,463,374
		2016	
		Deferred Tax	
	Accumulated	Liability	Net Actuarial
	Actuarial Gain	(see Note 23)	Gain
Balance at beginning of year	₽27,289,999	(\$8,186,999)	₽19,103,000
Actuarial gain	4,420,720	(1,326,216)	3,094,504
Balance at end of year	₽31,710,719	(P9,513,215)	₽22,197,504

The expected future benefit payments follow:

Financial Year	Amount
2018	₽2,445,076
2019	10,820
2020	13,465
2021	550,785
2022 and after	14,722,072

# 21. Related Party Transactions

Significant transactions with related parties include the following:

# Related Parties under Common Management

w w n	Transaction Amounts		Outstanding Balances			
Related Parties	2017	2016	2017	2016	Nature and Terms	
Advances to related parties	P42,828,377	P52,879,787	P42,828,377	P125,391,740	Working fund; unsecured; noninterest-bearing; payable on demand	
Advances from a related party	P5,000,000	₽5,000,000	P10,000,000	P5,000,000	Working fund; unsecured; noninterest-bearing; payable on demand	

As at December 31, 2017 and 2016, the Company has not provided any allowance for impairment losses for amounts owed by related parties. This assessment is undertaken each financial year through examining the financial position of the related parties and the market in which the related parties operate.

# Compensation of Key Management Personnel

Compensation of key management personnel consists of benefits amounting to ₱98.0 million, ₱104.1 million and ₱109.0 million in 2017, 2016 and 2015, respectively.

#### 22. Commitments

# Social and Environmental Responsibility

#### Social Development Management Programs (SDMP)

SDMP are five (5) year programs of the projects identified and approved for implementation, in consultation with the host communities. The Company provides an annual budget for SDMP projects that focus on health, education, livelihood, public utilities and socio-cultural preservation. The implementation of the program is monitored by the MGB.

The Company's implemented programs to host communities amounted to P33.1 million, P29.7 million and P26.7 million in 2017, 2016 and 2015, respectively (see Note 18).

# Environmental Protection and Enhancement Program (EPEP)

EPEP refers to comprehensive and strategic environmental management plan to achieve the environmental management objectives, criteria and commitments including protection and rehabilitation of the affected environment. This program is monitored by the Multipartite Monitoring Team, a group headed by a representative from the Regional MGB and representatives of Local Government Units (LGU), other government agencies, non-government organizations, the church sector and the representatives of the Company.

The Company implemented projects amounting to P62.2 million, P34.2 million and P11.4 million in 2017, 2016 and 2015, respectively (see Note 18).

#### Royalty Agreement

In July 2008, the Company entered into a memorandum of agreement with the Indigenous Cultural Communities/Indigenous People (ICC/IP) and NCIP whereby royalties equivalent to a certain percentage of gross revenue shall be paid to the ICC/IP.

Royalty payable presented under "Excise tax and other statutory payables" amounted to \$\text{P3.9} million and \$\text{P1.0} million in 2017 and 2016, respectively. Royalty expense amounted to \$\text{P20.4} million, \$\text{P19.1} million and \$\text{P23.1} million in 2017, 2016 and 2015, respectively (see Note 18).

## **Lease Commitments**

The Company leases an office space for its operations. The lease is for a period of five (5) years and in 2017 the lease agreement was renewed for two (2) years. Rental deposit amounted to P0.5 million and P0.4 million as at December 31, 2017 and 2016 (see Note 11).

Rental expense charged to operations amounted to ₹8.7 million, ₹4.3 million and ₹0.9 million in 2017, 2016 and 2015 (see Note 18).

At year-end, the Company has outstanding commitments under noncancellable operating lease that fall due as follows:

	2017	2016
Within 1 year	P100,000	P100,000
More than 1 year but within 5 years	100,000	
	P200,000	₽100,000

#### 23. Income Taxes

Components of provision for (benefit from) income tax are shown below:

2017	2016	2015
₽72,779,003	P41,300,820	₽20,900,421
(4,566,287)	2,103,891	(8,868,156)
P68,212,716	₽43,404,711	₽12,032,265
	(4,566,287)	<b>(4,566,287)</b> 2,103,891

The reconciliation of income (loss) before tax computed at the statutory income tax rate to the provision for (benefit from) income tax are as follows:

	2017	2016	2015
Income tax at statutory rate	P34,648,179	₽14,563,948	(P32,106,746)

Basic earnings (loss) per share			
(a/b)	P0.026	P0.002	(P0.065)

The Company does not have potentially dilutive common shares.

# 25. Contingencies

#### Cancellation of MMDC's MPSA

On February 13, 2017, MMDC received an order from the DENR cancelling its MPSA due to alleged impairment of the functions of the watershed caused by MMDC's operation, failure to comply with the penalty of planting three million seedlings and violation of environment-related laws and regulations.

The management and its legal counsel have assessed that the Order is without basis in fact and in law. Foremost, MMDC is engaged in clean and responsible mining. It has implemented all the necessary measures to ensure that it is environmentally compliant. While its operation is within a proclaimed watershed, Presidential Proclamation No. 1747 recognizes its prior legal right to mine in the area considering that its MPSA was approved in 1993 prior to the issuance of the said proclamation in 2009.

As to the alleged non-compliance to the planting of three million seedlings, MMDC was prevented from implementing the same due to previous inaction of the DENR. The Company submitted the program for the tree planting of three million seedlings as early as February 24, 2015. There were several communications between MMDC and the DENR/MGB regarding this matter. In a letter dated April 22, 2016, MMDC informed MGB that there is a strong objection from the LGU in the host communities of MMDC since they will not benefit from the Program as MGB directed MMDC to plant in different regions. Thereupon, MMDC suggested DENR/MGB to implement the program through its National Greening Project to be funded by MMDC. After several follow-ups, on December 21, 2016, MMDC received a letter from Secretary Lopez dated December 1, 2016 finally directing MMDC to plant the three million seedlings in its host communities. MMDC immediately coordinated with the Regional Director of DENR. Hence, an inventory of seedlings available in the area was then made. Based on the report of DENR Region XIII, a total of 1,513,928 seedlings are available in the area. To ensure immediate and proper implementation of the tree planting activity, MMDC entered into a Memorandum of Agreement with the mayors of the municipalities in its host communities on February 9, 2017. This action demonstrates MMDC's readiness and willingness to implement program. Thus, no fault can be attributed to MMDC with regard to the implementation of the three million seedlings.

With regard to alleged violations of environmental laws and regulations, the DENR failed to specify the facts and the provisions of law which MMDC allegedly violated.

It bears to note that the Technical Committee Report on MMDC shows only a recommendation for fine and suspension. Thus, the management strongly believes that the cancellation of MMDC's MPSA is unwarranted and should be overturned. Thus, on February 17, 2017, MMDC filed a Notice of Appeal to the Office of the President. Subsequently, on March 17, 2017, MMDC filed its Appeal Memorandum.

The Company has continued mining operations in areas covered by the MPSA (see Note 1).

# Show-Cause Orders of BGRC, AMPI and BARI

BGRC, AMPI and BARI received a Show-Cause Orders dated February 13, 2017. In the Show-Cause Orders, it was alleged that the contract area covered by their MPSAs is within a watershed, such that if mining operations will be conducted therein, its ecological functions will be impaired.

On February 27, 2017, BGRC submitted a reply to the Show-Cause Orders explaining that BGRC has prior legal right considering that the BGRC's MPSA was approved on July 1, 1993, while Proclamation No. 1747 on the proclamation of watershed areas was only issued on March 23, 2009. Notably, Proclamation No. 1747 provides that prior rights should be respected. Thus, BGRC should be allowed to continue their operations over their contract areas.

AMPI and BARI submitted replies that their contract areas are not part of any watershed and are even declared as Bauxite Mineral Reservations which allows development of bauxite deposits. Subsequently, AMPI and BARI obtained certifications from the Forest Management Bureau that their mining tenements are outside officially designated proclaimed watersheds. This was further confirmed by the MGB in its letter dated August 10, 2017.

The management and its legal counsel believe that the alleged violation is without basis in fact and in law.

# 26. Financial Risk Management Objectives and Policies

#### General

The Company has risk management policies that systematically view the risks that could prevent the Company from achieving its objectives. These policies are intended to manage risks identified in such a way that opportunities to deliver the Company's objectives are achieved. The Company's risk management takes place in the context of day-to-day operations and normal business processes such as strategic planning and business planning. Management has identified each risk and is responsible for coordinating and continuously improving risk strategies, processes and measures in accordance with the Company's established business objectives.

#### Financial Risk Management Objectives and Policies

The Company's principal financial instruments consist of cash, loans payable and long-term debt. The primary purpose of these financial instruments is to finance the Company's operations. The Company has other financial instruments such as trade and other receivables (excluding advances from officers and employees), RCF, MTF, trade and other payables (excluding excise tax and other statutory payables), related party receivables and payables and rental deposit, which arise directly from its operations. The main risks arising from the use of these financial instruments are foreign currency risk, interest rate risk, credit risk, and liquidity risk. Management reviews and approves the policies for managing each of these risks which are summarized below.

Foreign Currency Risk. The Company's foreign exchange risk results primarily from movements of the Philippine peso against the US dollar with respect to US dollar-denominated financial assets.

The Company's transactional currency exposures arise from its cash in banks and trade receivables which are denominated in currencies other than the Company's functional currency. The Company periodically reviews the trend of the foreign exchange rates to address its exposure in foreign currency risk.

The following table shows the Company's US dollar-denominated monetary financial assets and their Philippine Peso equivalent as at December 31, 2017 and 2016:

	2	2017	2016		
	Philippine Peso	US Dollar	Philippine Peso	US Dollar	
Current financial assets:					
Cash in banks	P12,730,575	\$254,968	₽101,059,394	\$2,032,570	
Trade receivables	201,115,654	4,027,952	39,773,558	799,951	
	P213,846,229	\$4,282,920	₽140,832,952	\$2,832,521	

For purposes of restating the outstanding balances of the Company's foreign currency-denominated financial assets and liabilities as at December 31, 2017 and 2016, the exchange rate applied was ≱49.93 and ₹49.72 per US\$1, respectively.

The following tables demonstrate the sensitivity to a reasonably possible change in the US dollar exchange rate, with all other variables held constant, of the Company's income before tax for the years ended December 31, 2017 and 2016 (due to changes in the fair value of financial assets and liabilities). There is no other impact on the Company's equity other than those already affecting profit or loss.

	Increase/Decrease in Exchange Rate	Effect on Income before Tax
December 31, 2017	+0.21	P899,413
	-0.21	(899,413)
December 31, 2016	+2.66	₽7,534,506
	-2.66	(7,534,506)

Interest Rate Risk. Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows on the fair values of financial instruments. The Company follows a prudent policy on managing its assets or liabilities so as to ensure that exposures to fluctuations in interest rate are kept within acceptable limits.

The Company's short-term loan is exposed to changes in market interest rates since the loans are subject to variable interest rates.

Credit Risk. Credit risk arising from the inability of a counterparty to meet the terms of the Company's financial instrument is generally limited to the amount, if any, by which the counterparty's obligations exceed the obligation of the Company. With respect to credit risk arising from the other financial assets of the Company, which comprise cash in banks, trade and other receivables and advances to related parties, RCF, MTF and rental deposit, the Company's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amount of these instruments.

The tables below show the credit quality per class of financial assets as at December 31, 2017 and 2016. The Company does not have financial assets that are past due but not impaired.

	December 31, 2017					
	Neithe	er Past Due nor Impa	lred			
	High Grade	Standard Grade	Substandard Grade	Past Due but not Impaired	Impaired	Total

<sup>\*</sup>Excluding advances to officers and employees amounting to P28.5 million in 2017.

	December 31, 2016					
	Neither	Past Due nor Impa	ired			
	High Grade	Standard Grade	Substandard Grade	Past Due but not Impaired	Impaired	Total
Cash in banks	₽164,314,817	P	P-	P-	P	P164,314,817
Trade and other receivables*	2	39,773,558	1,746,892	<u>2</u>	11,036,527	52,556,977
Advances to related parties	×-	125,391,740	20.000 (20.000) (20.000 (20.000 (20.000 (20.000 (20.000 (20.000 (20.000 (20.00	9		125,391,740
RCF and MTF	5,544,388	-		-	-	5,544,388
Rental deposit		391,158		<u> </u>	_	391,158
VI = 30/TH-1	P169,859,205	₱165,556,456	₱1,746,892	₽-	P11,036,527	P348,199,080

<sup>\*</sup>Excluding advances to officers and employees amounting to \$24.4 million in 2016.

The credit quality of the financial assets is managed by the Company using internal credit quality ratings. High grade accounts consist of receivable from debtors with good financial condition and with relatively low defaults. Financial assets having risks of default but are still collectible are considered standard grade accounts. Receivables that are still collectible but require persistent effort from the Company to collect are considered substandard grade accounts.

Cash in banks, RCF and MTF are classified as high grade since these are deposited in reputable banks having good credit rating and low probability of insolvency.

The Company trades only with recognized, creditworthy third parties. It is the Company's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, trade and other receivables are monitored on an ongoing basis with the result that the Company's exposure to bad debts is not significant.

The table below set forth the estimated change in the Company's income before tax to a reasonably possible change in the market prices of loans payable brought about by reasonably possible change in interest rates as at December 31, 2017.

	Increase/Decrease in Interest Rate	Effect on Income before Tax
December 31, 2017	+3.32%	P98,239
	-3.32%	(98,239)
December 31, 2016	+4.15%	₽184,947
	-4.15%	(184,947)

Liquidity Risk. The Company manages liquidity risk by maintaining a balance between continuity of funding and flexibility. Treasury controls and procedures are in place to ensure that sufficient cash is maintained to cover daily operational and working capital requirements, including debt principal and interest payments. Management closely monitors the Company's future and contingent obligations and sets up required cash reserves and reserve borrowing facilities as necessary in accordance with internal policies.

The tables below summarize the maturity profile of the Company's financial liabilities as at December 31, 2017 and 2016, based on contractual undiscounted payments. Loans payable consist of principal and estimated future interest payments.

	On Demand	Less than three months	Three to six months	Within One Year	More than one year	Total

<sup>\*</sup>Excluding excise tax and other statutory payables amounting to P40.6 million and P35.1 million as at December 31, 2017 and 2016, respectively.

#### Fair Value of Financial Assets and Financial Liabilities

Fair value is defined as the amount at which the financial instrument could be exchanged in a current transaction between knowledgeable willing parties in an arm's length transaction, other than in forced or liquidated sale.

Set out below is a comparison by category of carrying amounts and fair values of all of the Company's financial instruments that are carried in the consolidated financial statements:

	2017		2016	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Cash	P47,062,535	P47,062,535	₽164,574,543	₽164,574,543
Trade and other receivables*	204,245,733	204,245,733	41,520,450	41,520,450
Advances to related parties	42,828,377	42,828,377	125,391,740	125,391,740
RCF and MTF	5,597,746	5,597,746	5,544,388	5,544,388
Rental deposit	465,959	465,959	391,158	391,158
	₽300,200,350	P300,200,350	₽337,422,279	₽337,422,279

<sup>\*</sup>Excluding advances to officers and employees amounting to P28.5 million and P24.4 million as at December 31, 2017 and 2016, respectively.

<sup>\*\*</sup>Including interest payable up to moturity amounting to P4.9 million and P8.5 million as at December 31, 2017 and 2016, respectively.

	2017		2016	
Manager and the second	Carrying Value	Fair Value	Carrying Value	Fair Value
Trade and other payables*	₽247,105,533	P247,105,533	P67,807,356	₽67,807,356
Dividends payable	4,707,886	4,707,886	4,955,354	4,955,354
Loans payable	138,485,082	142,593,120	174,316,486	178,259,168
Advances from a related party	10,000,000	10,000,000	5,000,000	5,000,000
	P400,298,501	P404,406,539	₽252,079,196	₽256,021,878

<sup>\*</sup>Excluding excise tax and other statutory payables amounting to P40.6 million and P35.1 million as at December 31, 2017 and 2016, respectively.

Cash, Trade and Other Receivables, RCF and MTF, Advances to Related Parties, Trade and Other Payables, Dividends Payable. and Advances from a Related Party Due to the short-term nature of transactions, the fair values approximate the amount of consideration at reporting period.

Rental Deposit. The fair value of rental deposit has not been determined using observable market data because management believes that the difference between fair value and carrying amount would not be significant.

Loans Payable and Long-term Debt. Estimated fair values have been calculated on the instruments' expected cash flows using the prevailing PDST-R2 rates that are specific to the tenor of the instruments' cash flows at reporting dates (Level 2).

# 27. Capital Management Objectives, Policies and Procedures

The Company's capital management objectives are to ensure the Company's ability to continue as a going concern and to provide an adequate return to shareholders by pricing products and services commensurate with the level of risk. The Company manages its capital structure and makes adjustments to it, in the light of changes in economic conditions. The Company monitors its capital using debt to equity ratio. To maintain or adjust the capital structure, the Company may return capital to shareholders, issue new shares or by conversion of related party advances to an equity component item.

There were no changes in the Company's objectives, policies or processes in 2017, 2016 and 2015.

# 28. Notes to Statements of Cash Flows

The table below details changes in the liabilities and equity of the Company arising from financing activities, including both cash and non-cash changes.

				Noncas	h Changes

# REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTARY SCHEDULES

The Stockholders and the Board of Directors Marcventures Holdings, Inc. and Subsidiaries 4th Floor, Citibank Center 8741 Paseo de Roxas, Makati City

We have audited in accordance with the Philippine Standards on Auditing, the consolidated financial statements of Marcventures Holdings, Inc. and Subsidiaries (the Group) as at December 31, 2017 and 2016 and for the years ended December 31, 2017, 2016 and 2015 included in this Form 17-A and have issued our report thereon dated April 10, 2018. Our audits were made for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The accompanying supplementary schedules as at December 31, 2017 are the responsibility of the Group's management. These supplementary schedules include the following:

- Adoption of Effective Accounting Standards and Interpretations
- Schedule of Parent Company's Retained Earnings Available for Dividend Declaration
- Schedules required by Part II of SRC Rule 68, as Amended

These schedules are presented for purposes of complying with Securities Regulation Code Rule 68 Part II, as amended, and are not part of the consolidated financial statements. This information have been subjected to the auditing procedures applied in the audit of the consolidated financial statements, including comparing such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves. In our opinion, the information are fairly stated in all material respects in relation to the consolidated financial statements taken as a whole.

## STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The Management of Marcventures Holdings, Inc. is responsible for the preparation and fair presentation of the financial statements including the schedules attached therein for the years ended December 31, 2017 and 2016 in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible in overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders or members.

Reyes Tacandong & Co., the independent auditor appointed by the stockholders for the years ended December 31, 2017 and 2016 has audited the financial statements of the company in accordance with Philippine Standards on Auditing, and in its report to the stockholders or members, has expressed its opinion on the fairness of presentation upon completion of such audit.

#### REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANT. ON AN ENGAGEMENT TO COMPILE FINANCIAL STATEMENTS

The Board of Directors and Stockholders Marcventures Holdings, Inc. 4th Floor, Citibank Center 8741 Paseo de Roxas, Makati City

#### Report on the Financial Statements

I have compiled the accompanying financial statements of Marcventures Holdings, Inc. (the Company), which comprise the statement of financial position of as at December 31, 2017 and 2016, and the statements of comprehensive income, statements of changes in equity, and statements of cash flows for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

Based on the information provided by the management, I have applied my expertise in accounting and financial reporting to assist the Company in the preparation and presentation of these financial statements in accordance with Philippine Financial Reporting Standards (PFRS). I have complied with relevant ethical requirements, including principles of integrity, objectivity, professional competence and due care.

Since a compilation engagement is not an assurance engagement, I am not required to verify the accuracy or completeness of the information provided by the management for compilation. I have not conducted an audit nor a review of the accompanying financial statements. Accordingly, I do not express an audit opinion and provide any assurance, or a review conclusion on whether the financial statements are in accordance with the PFRS.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements, as well as the accuracy and completeness of the information, in accordance with PFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Practitioner's Responsibility

My responsibility is to perform this compilation engagement in accordance with Philippine Standards on Related Services 4410 (Revised) - Compilation Engagements, issued by Auditing Standards and Practices Council of the Philippines.

The objective of this compilation engagement is to assist the management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

#### Practitioner's Independence

I am independent and had no direct financial interest with respect to the Company, in all material aspects of this compilation engagement, during the year ended December 31, 2017.

CPA Certificate No. 0141184

#### INDEPENDENT AUDITORS' REPORT

The Stockholders and the Board of Directors Marcventures Holdings, Inc. 4th Floor, Citibank Center 8741 Paseo de Roxas, Makati City

#### Opinion

We have audited the accompanying separate financial statements of Marcventures Holdings, Inc. (the Company), which comprise the separate statements of financial position as at December 31, 2017 and 2016, and the separate statements of comprehensive income, separate statements of changes in equity and separate statements of cash flows for the years ended December 31, 2017, 2016 and 2015, and notes to the separate financial statements, including a summary of significant accounting policies.

In our opinion, the separate financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2017 and 2016 and its financial performance and its cash flows for the years ended December 31, 2017, 2016 and 2015 in accordance with Philippine Financial Reporting Standards (PFRS).

#### Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSA). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Separate Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to the audit of the separate financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Emphasis of Matter**

We draw attention to Note 8 to the separate financial statements which discusses that on February 13, 2017, Marcventures Mining and Development Corporation (MMDC), a subsidiary, received an order dated February 8, 2017 from the Department of Environment and Natural Resources cancelling MMDC's Mineral Production Sharing Agreement No. 016-93-X (SMR) (MPSA). The management and its legal counsel believe that the order has no basis and the outcome of legal actions taken will not have a material adverse effect on MMDC's operations. MMDC has continued its mining operation in the areas covered by the MPSA.

Responsibilities of Management and Those Charged with Governance for the Separate Financial Statements

Management is responsible for the preparation and fair presentation of these separate financial statements in accordance with PFRS, and for such internal control as management determines is necessary to enable the preparation of separate financial statements that are free from material misstatement, whether due to fraud 🗟 or error.

In preparing the separate financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Separate Financial Statements

Our objectives are to obtain reasonable assurance about whether the separate financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSA will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, these could reasonably be expected to influence the economic decisions of users taken on the basis of these separate financial statements.

As part of an audit in accordance with PSA, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the separate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
  are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the separate financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the separate financial statements, including
  the disclosures, and whether the separate financial statements represent the underlying transactions
  and events in a manner that achieves fair presentation.

- 3 -

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audits.

NANCIAL INFORMATION

#### NOTES TO SEPARATE FINANCIAL STATEMENTS

#### 1. Corporate Information

#### General Information

Marcventures Holdings, Inc. (the Company) was incorporated and registered with the Philippine Securities and Exchange Commission (SEC) on August 7, 1957 with a primary purpose to acquire by purchase, exchange, assignment, gift or otherwise, and to hold, own and use for investment or otherwise, and to transfer any and all properties of every kind and description and wherever situated to the extent permitted by law provided it shall not engage in the business of an open-end or close-end investment company as defined in the Republic Act 2629, *Investment Company Act*, or act as a securities broker or dealer. On August 7, 2007, the SEC approved the extension of the Company's corporate life for another 50 years.

The Company's shares of stock were initially listed in the Philippine Stock Exchange, Inc. (PSE) on January 10, 1958. As at December 31, 2017 and 2016, 1,821,358,599 shares of the Company's shares of stock are listed in the PSE.

The registered address of the Company is at 4th Floor, Citibank Center, 8741 Paseo de Roxas, Makati City.

The Company's separate financial statements as at December 31, 2017 and 2016 and for the years ended December 31, 2017, 2016 and 2015 were approved and authorized for issue by the Board of Directors (BOD) on April 10, 2018.

#### Merger of the Company, Brightgreen Resources Holdings Inc. (BHI) and Asia Pilot Mining Phils. Corp. (APMPC)

On December 29, 2017, the SEC approved the application for merger of the Company, BHI and APMPC, with the Company as the surviving entity and the increase in authorized capital stock of the Parent Company to accommodate the merger from 2,000,000,000 shares at P1 par value to 4,000,000,000 shares at P1 par value a share. Out of this increase, a total of 1,125,000,000 of the Company's common shares were issued to BHI and APMPC shareholders at P1 per share (see Note 4).

BHI owns 100% interest in BrightGreen Resources Corporation (BGRC) and APMPC owns 100% interest in Alumina Mining Philippines, Inc. (AMPI) and Bauxite Resources, Inc. (BARI) (see Note 8).

#### 2. Summary of Significant Accounting Policies

#### Basis of Preparation

The separate financial statements have been prepared in compliance with Philippine Financial Reporting Standards (PFRS). This financial reporting framework includes PFRS, Philippine Accounting Standards (PAS) and Philippine Interpretations from International Financial Reporting Interpretations Committee (IFRIC) issued by the Philippine Financial Reporting Standards Council and adopted by the SEC, including SEC pronouncements, approximately and adopted by the SEC, including SEC pronouncements.

#### Measurement Bases

The separate financial statements are presented in Philippine Peso, which is the Company's functional currency. All amounts are in absolute values unless otherwise indicated.

The separate financial statements have been prepared on a historical cost basis. Historical cost is generally based on the fair value of the consideration given in exchange for an asset and fair value of the consideration received in exchange for incurring a liability.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the transaction date.

The Company uses market observable data to a possible extent when measuring the fair value of an asset or a liability. Fair values are categorized into different levels in a fair value hierarchy based on inputs used in the valuation techniques as follows:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

If the inputs used to measure the fair value of an asset or a liability might be categorized in different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Further disclosures are included in Note 17, Financial Risk Management Objectives and Policies.

#### Adoption of New and Amended PFRS

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the following relevant amended PFRS which the Company adopted effective for annual periods beginning January 1, 2017:

- Amendments to PAS 7, Statement of Cash Flows Disclosure Initiative The amendments require entities to provide information that enable the users of financial statements to evaluate changes in liabilities arising from their financing activities.
- Amendments to PAS 12, Income Taxes Recognition of Deferred Tax Assets for Unrealized
  Losses The amendments clarify the accounting for deferred tax where an asset is measured at
  fair value and the fair value is below the asset's tax base (e.g. deferred tax asset related to
  unrealized losses on debt instruments measured at fair value), as well as certain other aspects of
  accounting for deferred tax assets.

The adoption of the foregoing new and amended PFRS did not have any material effect on the separate financial statements. Additional disclosures have been included in the notes to separate financial statements, as applicable.

#### New and Amended PFRS in Issue But Not Yet Effective

Relevant new PFRS which are not yet effective for the year ended December 31, 2017 and have not been applied in preparing the separate financial statements are summarized below. The Company intends to adopt these standards when they become effective.

Effective for annual periods beginning January 1, 2018:

 PFRS 9, Financial Instruments – This standard will replace PAS 39, Financial Instruments: Recognition and Measurement (and all the previous versions of PFRS 9). It contains requirements for the classification and measurement of financial assets and financial liabilities, impairment, hedge accounting and derecognition.

PFRS 9 requires all recognized financial assets to be subsequently measured at amortized cost or fair value (through profit or loss or through other comprehensive income), depending on their classification by reference to the business model within which they are held and their contractual cash flow characteristics.

For financial liabilities, the most significant effect of PFRS 9 relates to cases where the fair value option is taken: the amount of change in fair value of a financial liability designated as at fair value through profit or loss that is attributable to changes in the credit risk of that liability is recognized in other comprehensive income (rather than in profit or loss), unless this creates an accounting mismatch.

For the impairment of financial assets, PFRS 9 introduces an "expected credit loss" model based on the concept of providing for expected losses at inception of a contract; recognition of a credit loss should no longer wait for there to be objective evidence of impairment.

For hedge accounting, PFRS 9 introduces a substantial overhaul allowing financial statements to better reflect how risk management activities are undertaken when hedging financial and non-financial risk exposures.

The derecognition provisions are carried over almost unchanged from PAS 39.

- PFRS 15, Revenue from Contract with Customers The new standard replaces PAS 11, Construction Contracts, PAS 18, Revenue and related interpretations. It establishes a single comprehensive framework for revenue recognition to apply consistently across transactions, industries and capital markets, with a core principle (based on a five-step model to be applied to all contracts with customers), enhanced disclosures, and new or improved guidance (e.g. the point at which revenue is recognized, accounting for variable considerations, costs of fulfilling and obtaining a contract, etc.).
- Amendment to PFRS 15 Clarification to PFRS 15 The amendments provide clarifications on the following topics: (a) identifying performance obligations; (b) principal versus agent considerations; and (c) licensing. The amendments also provide some transition relief for modified contracts and completed contracts.

Effective for annual periods beginning January 1, 2019:

PFRS 16, Leases – This standard replaces PAS 17, Leases and its related interpretations. The
most significant change introduced by the new standard is that almost all leases will be brought
onto lessees' statement of financial position under a single model (except leases of less than
12 months and leases of low-value assets), eliminating the distinction between operating and
finance leases. Lessor accounting, however, remains largely unchanged and the distinction
between operating and finance lease is retained.

Under prevailing circumstances, the adoption of the foregoing new and amended PFRS is not expected to have any material effect on the separate financial statements. Additional disclosures will be included in the notes to separate financial statements, as applicable.

#### **Financial Assets and Liabilities**

Recognition. Financial assets and liabilities are recognized in the separate statements of financial position when the Company becomes a party to the contractual provision of a financial instrument. Financial instruments are initially recognized at fair value. In the case of regular way purchase or sale of financial asset, recognition and derecognition, as applicable, is done using trade date accounting. The initial measurement of the financial instruments, except for those classified at fair value through profit or loss (FVPL), includes transaction costs.

"Day 1" Difference. Where the transaction price in a non-active market is different from the fair value of other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Company recognizes the difference between the transaction price and fair value (a "Day 1" difference) in profit or loss unless it qualifies for recognition as some other types of assets. In cases where use is made of data which is not observable, the difference between the transaction price and model value is only recognized in the profit or loss when the inputs become observable or when the instrument is derecognized. For each transaction, the Company determines the appropriate method of recognizing the "Day 1" difference amount.

Classification. The Company classifies its financial assets at initial recognition under the following categories: (a) financial assets at FVPL, (b) held-to-maturity (HTM) investments, (c) loans and receivables and (d) available-for-sale (AFS) financial assets. Financial liabilities, on the other hand, are classified as either financial liabilities at FVPL or other financial liabilities at amortized cost. The classification depends on the purpose for which the financial instruments were acquired or incurred and whether or not the instruments are quoted in an active market. Management determines the classification of the financial assets and financial liabilities at initial recognition and where allowed and appropriate, reevaluates such designation at every reporting date.

As at December 31, 2017 and 2016, the Company does not have financial assets and liabilities at FVPL, HTM investments and AFS financial assets.

Loans and Receivables. Loans and receivables are financial assets with fixed or determinable payments and fixed maturities and that are not quoted in an active market. These are not entered into with the intention of immediate or short-term resale and are not classified or designated as AFS financial assets or financial asset at FVPL. Loans and receivables are included in current assets if maturity is within 12 months from reporting date. Otherwise, these are classified as noncurrent assets.

After initial measurement, loans and receivables are subsequently measured at amortized cost using the effective interest method, less allowance for impairment, if any. Amortized cost is calculated by taking into account any discount or premium on acquisition and any transaction cost which are directly attributable in the acquisition of the financial instrument. The amortization is included in profit or loss.

This category includes cash, dividends and other receivables (excluding advances to officers and employees) and due from related parties.

Other Financial Liabilities at Amortized Cost. Financial liabilities are classified in this category if these are not held for trading or not designated as at FVPL upon the inception of the liability. These include liabilities arising from operations or through borrowing.

After initial recognition, other financial liabilities are subsequently measured at amortized cost using the effective interest method.

This category includes dividends payable and other current liabilities (excluding statutory payables).

#### Derecognition of Financial Assets and Liabilities

Financial Assets. A financial asset (or where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized by the Company when:

- the right to receive cash flows from the asset has expired; or
- the Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; or
- the Company has transferred its right to receive cash flows from the asset and either (a) has
  transferred substantially all the risks and rewards of the assets, or (b) has neither transferred
  nor retained substantially all the risk and rewards of the assets, but has transferred control over
  the asset.

Where the Company has transferred its right to receive cash flows from an asset or has entered into a pass-through arrangement, and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Company's continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset, if any, is measured at the lower of original carrying amount of the asset and the maximum amount of consideration that the Company could be required to pay.

Financial Liabilities. A financial liability is derecognized when the obligation under the liability is discharged or cancelled or has expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of the new liability, and the difference in the respective carrying amount is recognized in profit or loss.

#### Offsetting Financial Instruments

14

Financial assets and liabilities are offset and the net amount reported in the separate statements of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis or to realize the asset and settle the liability simultaneously. This is not generally the case with master netting agreements where the related assets and liabilities are presented gross in the separate statements of financial position.

#### Impairment of Financial Assets

The Company assesses at each reporting date whether there is objective evidence that a financial asset or group of financial assets is impaired.

A financial asset or group of financial assets is deemed impaired if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (an incurred "loss event") and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated. The carrying amount of the impaired account is reduced to the extent that it exceeds the asset's net realizable value. Impairment losses are recognized in full in profit or loss. If in a subsequent period, the amount of accumulated impairment losses has decreased because of an event occurring after impairment was recognized, the decline is allowed to be reversed to profit or loss to the extent that the resulting carrying amount will not exceed the amortized cost determined had no impairment been recognized.

#### Other Current Assets

This account consists of prepaid income tax and other prepaid expenses.

Prepaid Income Tax. Prepaid income tax represents creditable withholding tax and other tax credits of the Company.

Prepaid expenses. Prepayments represent expenses not yet incurred but paid in advance and are apportioned over the period covered by the payment and charged to profit or loss when incurred. Prepayments that are expected to be realized for no more than 12 months after the financial reporting period are classified as current assets. Otherwise these are classified as noncurrent assets.

#### Investments in Subsidiaries

The Company's investments in subsidiaries are accounted for in the separate financial statements at cost less any impairment in value.

Under the cost method, the Company recognizes income from the investment only to the extent that the Company received distributions from accumulated profits of the subsidiaries after the date of acquisition. Distributions received in excess of such profits are regarded as a reduction of the cost of the investment.

A subsidiary is an entity in which the Company has control. Specifically, the Company controls an investee if it has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

When the Company has less than majority of the voting or similar rights of an investee, the Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- · The contractual arrangement with the other vote holders of the investee;
- · Rights arising from other contractual arrangement; and
- The Company's voting rights and potential voting rights.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

An assessment of the carrying amount of the investment in subsidiaries is performed when there is an indication that the investment has been impaired.

#### Property and Equipment

Property and equipment are initially measured at cost less accumulated depreciation and any impairment in value. The cost of an asset consists of its purchase price and costs directly attributable to bringing the asset to its working condition for its intended use.

Subsequent expenditures relating to an item of property and equipment that have already been recognized are added to the carrying amount of the asset when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing asset, will flow to the Company. All other subsequent expenditures are recognized as expense in the period in which these are incurred.

Each part of an item of property and equipment with a cost that is significant in relation to the total cost of the item shall be depreciated separately.

Depreciation is calculated on a straight-line basis over the following estimated useful lives of the property and equipment:

	Number of Years
Building and improvements	5-20
Office furniture, fixtures, and equipment	1-5
Transportation equipment	3-5

The estimated useful lives and depreciation method are reviewed periodically to ensure that these are consistent with the expected pattern of economic benefits from items of property and equipment.

Fully depreciated property and equipment are retained in the account until they are no longer in use and no further depreciation are credited or charged to current operations.

When assets are retired or otherwise disposed of, the cost and the related accumulated depreciation and any impairment in value are removed from the accounts. Any resulting gain or loss is recognized in profit or loss.

#### Impairment of Nonfinancial Assets

The Company assesses at each reporting date whether there is an indication that nonfinancial assets may be impaired when events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If any such indication exists and if the carrying amount exceeds the estimated recoverable amount, the asset or cash-generating unit (CGU) is written down to its recoverable amount, which is the greater of fair value less cost to sell and value in use. The fair value less cost to sell is the amount obtainable from the sale of an asset in an arm's length transaction. In assessing value in use, the estimated future cash flows are discounted to present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the CGU to which the asset belongs. Impairment losses are recognized in profit or loss.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the recoverable amount is estimated. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. In such instance, the carrying amount of the asset is increased to its recoverable amount. However, that increased amount cannot exceed the carrying amount that would have been determined, net of any depreciation, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit or loss. After such reversal, the depreciation charges are adjusted in future years to allocate the asset's revised carrying amount, on a systematic basis over its remaining useful life.

#### **Employee Benefits**

Short-term Benefits. The Company provides short-term benefits to its employees in the form of basic 13th month pay, bonuses, employer's share on government contribution, and other short-term benefits.

Retirement Benefits. The Company has an unfunded, non-contributory defined benefit plan covering all qualified employees. The retirement benefits expense is determined using the projected unit credit method which reflects services rendered by employees to the date of valuation and incorporates assumptions concerning employees' projected salaries.

The Company recognizes service costs, comprising of current service costs, past service costs, gains and losses on curtailments and non-routine settlements; and interest cost in profit or loss. Interest cost is calculated by applying the discount rate to the retirement benefit liability.

Current service costs are the increase in the present value of the defined benefit obligation resulting from employee service and are recognized in profit or loss.

Past service costs are recognized in profit or loss on the earlier of the date of the plan amendment or curtailment; and the date that the Company recognizes restructuring related costs.

Remeasurements comprising actuarial gains and losses and any change in the effect of the asset ceiling (excluding interest cost on retirement benefit liability) are recognized immediately in other comprehensive income in the period in which they arise. Remeasurements are not reclassified to profit or loss in subsequent periods.

The retirement benefit liability is the aggregate of the present value of the defined benefit obligation which is determined by discounting the estimated future cash outflows using interest rate on government bonds that have terms to maturity approximating the terms of the related retirement benefit liability.

Actuarial valuations are made with sufficient regularity so that the amounts recognized in the separate financial statements do not differ materially from the amounts that would be determined at the reporting date.

#### Equity

Capital Stock. Capital stock is measured at par value of the shares issued.

Additional Paid-in Capital (APIC). APIC is the excess over par value of consideration received for the subscription and issuance of shares of stock. Incremental costs directly attributable to the issuances of capital stock are recognized as a deduction from equity.

Retained Earnings. Retained earnings represent the cumulative balance of all current and prior period operating results, less any dividends declared in the current and prior periods.

Dividend Distribution. Dividends are recognized as liability and deducted from retained earnings when declared by the BOD and/or stockholders of the Company.

Other Comprehensive Income (OCI). OCI comprises of items of income and expenses that are not recognized in profit or loss for the year in accordance with PFRS. OCI pertains to remeasurement gain on retirement benefit liability.

#### Deposit for Future Stock Subscription

Deposit for future subscription represents funds received from existing or potential stockholders to be applied as payment for future issuance of capital stock. Deposit for future stock subscription is recognized as equity if and only if, all of the following elements set forth by the SEC are present as of end of the reporting period:

- The unissued authorized capital stock of the entity is insufficient to cover the amount of shares indicated in the contract;
- There is BOD and stockholders' approval on the proposed increase in authorized capital stock (for which a deposit was received by the corporation);
- The application for the approval of the proposed increase has been filed with the SEC.

If any or all of the foregoing elements are not present, the transaction should be recognized as a liability.

#### Revenue Recognition

Revenue is recognized to the extent that it is probable that economic benefits will flow to the Company and the amount of revenue can be measured reliably. Revenue is recognized as follows:

Management Income. Management income is recognized on an annual basis as stated in the management contract.

Interest Income. Interest income is recognized in profit or loss as it accrues, taking into account the effective yield on the asset.

Service Income. Service income is recognized when earned during the period.

#### **Operating Expenses**

Expenses are recognized in profit or loss when there is a decrease in future economic benefit related to a decrease in an asset or an increase in a liability that can be measured reliably. Operating expenses include the cost of administering the business and are expensed as incurred.

#### Income Taxes

Current Tax. Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rate used to compute the amount is the one that has been enacted or substantively enacted at the reporting date.

Deferred Tax. Deferred tax is provided on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, carryforward benefits of any unused tax credits from the excess of minimum corporate income tax (MCIT) over the regular corporate income tax and any unused net operating loss carryover (NOLCO), to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and carry forward benefits of unused MCIT and unused NOLCO can be utilized. Deferred tax, however, is not recognized when it arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on tax rate and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognized in profit or loss except to the extent that it relates to a business combination, or items directly recognized in equity as other comprehensive income.

Deferred tax assets and liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

#### Value-Added Tax (VAT)

Revenues, expenses and assets are recognized net of the amount of VAT, except:

- where the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case the tax is recognized as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of tax included.

The net amount of tax recoverable from or payable to the taxation authority is included as part of "Other current assets" or "Dividends payable and other current liabilities" account in the separate statements of financial position.

Deferred Input VAT. In accordance with the Revenue Regulation (RR) No. 16-2005, input VAT on purchases or imports of capital goods (depreciable assets for income tax purposes) with an aggregate acquisition cost (exclusive of VAT) in each calendar month exceeding ₹1.0 million are claimed as credit against output VAT over 60 months or the estimated useful lives of capital goods, whichever is shorter.

#### Related Parties

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence.

A related party transaction is a transfer of resources, services or obligations between a reporting entity and a related party, regardless of whether a price is charged.

#### **Provisions**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

#### Contingencies

Contingent liabilities are not recognized in the separate financial statements. These are disclosed in the notes to separate financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the separate financial statements but are disclosed in the notes to separate financial statements when an inflow of economic benefits is probable.

#### **Events after the Reporting Date**

Post year-end events that provide additional information about the Company's financial position at the end of reporting date (adjusting events) are reflected in the separate financial statements. Post year-end events that are non-adjusting events are disclosed in the notes to separate financial statements when material.

### 3. Significant Judgment, Accounting Estimates and Assumptions

PFRS requires management to make judgment, accounting estimates and assumptions that affect the amounts reported in the separate financial statements. The judgment, accounting estimates and assumptions used in the separate financial statements are based upon management's evaluation of relevant facts and circumstances as at the reporting date. While the Company believes that the assumptions are reasonable and appropriate, significant differences in the actual experience or significant changes in the assumptions may materially affect the estimated amounts. Actual results could differ from such estimates.

#### Judgment

In the process of applying the Company's accounting policies, management has made the following judgment, apart from those involving estimates, which has the most significant effect on the amounts recognized in the separate financial statements.

Establishing Control over its Subsidiaries. The Company determined that it has control over its subsidiaries by considering, among others, its power over the investee, exposure or rights to variable returns from its involvement with the investee, and the ability to use its power over the investee to affect its returns.

## **Accounting Estimates and Assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

Estimating Allowance for Impairment of Receivables. The Company maintains allowance for receivable impairment at a level considered adequate to provide for potential uncollectible receivables. The level of this allowance is evaluated by management on the basis of factors that affect the collectibility of the accounts. These factors include, but are not limited to, the length of the Company's relationship with debtor, the debtor's payment behavior and known market factors. The Company identifies and provides for specific accounts that are doubtful of collection and reviews the age and status of the remaining receivables and establishes a provision considering, among others, historical collection and write-off experience.

There are no indicators that the Company's receivables may be impaired. Accordingly, no impairment loss was recognized on receivables in 2017, 2016 and 2015.

The carrying amounts of the Company's receivables are as follows:

	Note	2017	2016
Dividends and other receivables	6	P929,946,893	₽929,012,277
Due from related parties	13	356,939,715	268,171,353

Estimating Useful Lives of Property and Equipment. The Company estimates the useful lives of property and equipment based on the period over which the assets are expected to be available for use. The Company reviews annually the estimated useful lives of property and equipment based on factors that include asset utilization, internal technical evaluation, technological changes, environmental changes and anticipated use of the assets.

There were no changes in the estimated useful lives of the Company's property and equipment in 2017 and 2016.

Property and equipment, net of accumulated depreciation, amounted to \$107.1 million and \$80.5 million as at December 31, 2017 and 2016, respectively (see Note 9).

Assessing Impairment of Nonfinancial Assets. The Company assesses impairment of nonfinancial assets whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The factors that the Company considers important which could trigger an impairment review include the following:

- significant underperformance relative to expected historical or projected future operating results;
- significant changes in the manner of use of the acquired assets or the strategy for overall business; or
- significant negative industry or economic trends.

The recoverable amount of nonfinancial assets represents the higher of value in use or fair value less cost to sell. Estimating the value-in-use requires the Company to make an assessment of the expected future cash flows from nonfinancial assets and allows it to choose a suitable discount rate in order to calculate the present value of those cash flows. Based on management's assessment, the Company's nonfinancial assets are not impaired.

The carrying amounts of the Company's nonfinancial assets are as follows:

	Note	2017	2016
Investments in subsidiaries	8	P2,657,796,182	P1,545,000,000
Property and equipment	9	107,052,356	80,503,533
Other current assets	7	51,040,227	38,388,595
Other noncurrent assets	10	3,525,615	690,283

Estimating Retirement Benefit Liability. The determination of the Company's retirement benefit obligation and costs is dependent on the selection by management of assumptions used by actuaries in calculating such amounts. Those assumptions include, among others, discount rate and salary increase rate.

Actual results that differ from the Company's assumptions are recorded as addition to or deduction from retirement benefit liability and recognized in profit or loss or other comprehensive income. One or more of the actuarial assumptions may differ significantly and as a result, the actuarial present value of the retirement benefit obligation estimated as at reporting date may differ significantly from the amount reported.

Retirement benefit expense recognized in profit or loss amounted to \$0.6 million and \$2.6 million in 2017 and 2016, respectively (see Note 15).

Retirement benefit liability amounted to \$\mathbb{P}4.1\$ million and \$\mathbb{P}5.0\$ million as at December 31, 2017 and 2016, respectively (see Note 15).

Recognizing Deferred Tax Assets. The Company reviews the carrying amounts of deferred tax assets at each reporting date and reduces deferred tax assets to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the deferred tax assets to be utilized.

The Company's unrecognized deferred tax assets amounted to P15.8 million and P16.4 million as at December 31, 2017 and 2016, respectively (see Note 16). Management believes that there will be no sufficient future taxable profits against which the deferred tax assets can be utilized.

## 4. Acquisition of Group of Assets

On December 29, 2017, the SEC approved the application for merger of the Company, BHI and APM, with the Company as surviving entity. As at acquisition date, BHI and APM assets consist mainly of investments. Management determined that based on the substance of the underlying circumstances at that date, BHI and APM did not constitute a business and, accordingly, was not accounted for as a business combination. The transaction was accounted for as an acquisition of a group of assets, wherein the acquisition cost was allocated among the individual identifiable assets net of liabilities assumed based on their relative fair values.

Allocation of the acquisition cost of assets and liabilities of BHI and APM are as follows:

	ВНІ	APM	Total
Assets			
Current assets	₽60,075	₽63,022,520	P63,082,595
Investment in subsidiaries	450,768,702	612,027,480	1,062,796,182
	450,828,777	675,050,000	1,125,878,777
Liabilities			
Other liabilities	828,777	50,000	878,777
Net assets acquired	P450,000,000	₽675,000,000	₽1,125,000,000

The consideration for the acquisition cost consists of 1,125,000,000 common shares of the Company issued at P1 per share.

### Information about the absorbed companies

BHI. BHI was incorporated and registered with the SEC on January 11, 2017 to deal with any and all properties of every kind and description to the extent permitted by law provided it shall not engage in the business of an investment company as defined in the Republic Act 2629, Investment Company Act, or act as a securities broker or dealer. BHI owns 100% interest in BGRC (see Note 8).

APMPC. APMPC was incorporated and registered with the SEC on August 14, 2013 to engage in mining activities. APM owns 100% interests in AMPI and BARI (see Note 8).

### 5. Cash

This account consists of:

	2017	2016
Cash on hand	P114,595	₽15,000
Cash in banks	16,458,379	12,076,380
	P16,572,974	₽12,091,380

Cash in banks earn interest at prevailing bank deposit rates. Interest income earned amounted to ₱3,102, ₱6,507 and ₱25,599 in 2017, 2016 and 2015, respectively.

## 6. Dividends and Other Receivables

This account consists of:

	Note	2017	2016
Dividends receivable	8	P923,592,420	₽923,592,420
Advances to officers and employees		108,167	61,708
Others		6,246,306	5,358,149
		P929,946,893	₽929,012,277

Advances to officers and employees are unsecured, noninterest-bearing and are subject to liquidation within one year.

Others include reimbursable expenses from third party and claims to regulatory agency.

## 7. Other Current Assets

This account consists of:

	2017	2016
Prepaid income tax	₽49,399,000	₽38,349,000
Input VAT	1,475,014	_
Prepaid expenses	166,213	39,595
	₽51,040,227	₽38,388,595

#### 8. Investments in Subsidiaries

As at December 31, 2017 and 2016, the balance of investments in subsidiaries consist of:

	Note	2017	2016
MMDC -			
Balance at beginning of year		P1,545,000,000	₽1,545,000,000
Additional subscription during the year		50,000,000	_
Balance at end of year		1,595,000,000	1,545,000,000
Acquired through merger - BGRC, AMPI			
and BAR	4	1,062,796,182	-
		P2,657,796,182	P1,545,000,000

### Information about the Subsidiaries

The subsidiaries of the Company are wholly-owned.

MMDC. MMDC was incorporated and registered with the SEC on January 18, 1995 primarily to engage and/or carry on the business of extracting, mining, smelting, refining and converting mineral ores such as, but not limited to nickel, chromites, copper, gold, manganese and other similar ores and/natural metallic or non-metallic resource.

MMDC has been granted by the Department of Environment and Natural Resources (DENR) Mineral Production Sharing Agreement (MPSA) No. 016-93-X Surigao Mineral Reservation (SMR) covering an area of approximately 4,799 hectares located in the municipalities of Carrascal, Cantilan and Madrid, Surigao Del Sur.

Originally, the MPSA was granted to Ventura Timber Corporation (VTC) on June 19, 1992. In January 1995, VTC executed a deed of assignment (the Deed) to transfer to MMDC all its rights and interest in and title to the MPSA. On January 15, 2008, the Deed was approved by the Mines and Geosciences Bureau (MGB).

On December 31, 2010, the Company acquired all the issued and outstanding common stock of MMDC consisting of 2.0 million shares valued at \$1,300.0 million in exchange for the Company's common stock with par value of \$1,250.0 million and Metroclub shares valued at \$50.0 million. The Company made additional investments in MMDC by way of converting advances aggregating \$245.0 million. The conversion was approved by the SEC in January 2014.

In 2017, the Company made an additional subscription of 5,000,000 shares at ₹10 per share for ₹50.0 million.

Dividends receivable amounted to P923.6 million as at December 31, 2017 and 2016 (see Note 6).

On February 13, 2017, MMDC received an Order from the DENR cancelling its MPSA due to alleged impairment of the functions of the watershed caused by MMDC's operation, failure to comply with the penalty of planting three million seedlings and violation of environment-related laws and regulations.

The management and its legal counsel believe that the Order is without basis in fact and in law. Foremost, MMDC is engaged in clean and responsible mining. It has implemented all the necessary measures to ensure that it is environmentally compliant. While its operation is within a proclaimed watershed, Presidential Proclamation No. 1747 recognizes its prior legal right to mine in the area considering that its MPSA was approved in 1993 prior to the issuance of the said proclamation in 2009.

BGRC. BGRC was incorporated and registered with the SEC on July 20, 1989 to engage in the mining business.

On July 1, 1993, the DENR approved BGRC's application for MPSA No. 015-93-XI (SMR) covering an area of approximately 4,860 hectares located in the municipalities of Carrascal and Cantilan, Surigao del Sur. BGRC is undertaking its continuous exploratory drilling program to block mineral resources at indicated and measured category.

AMPI. AMPI was incorporated and registered with the SEC on August 31, 2001 to engage in the mining business.

On December 5, 2002, the DENR approved AMPI's application for MPSA No. 179-2002-VIII-SBMR covering 6,694 hectares in the municipalities of San Jose de Buan and Paranas Samar in Eastern Visayas (Region VIII) valid for 25 years and renewable for another 25 years.

BARI. BARI was incorporated and registered with the SEC on August 31, 2001 to engage in the mining business.

On December 5, 2002, the DENR approved AMPI's application for MPSA No. 180-2002-VIII-SBMR covering 5,519 hectares in the Municipalities of Gandara, San Jose de Buan, Matuguinao, and San Jorge, Province of Samar (formerly known as Western Samar) in Eastern Visayas (Region VIII), valid for 25 years and renewable for another 25 years.

BGRC, AMPI and BARI received a Show-Cause Order dated February 13, 2017 from the DENR to explain why their MPSA should not be cancelled pursuant to an alleged violation. BGRC submitted a reply explaining that it has prior legal right. AMPI and BARI obtained certifications from the Forest Management Bureau that their mining tenements are outside officially designated proclaimed watersheds which was further confirmed by the MGB in its letter dated August 10, 2017. Management believes that the potential outcome of any legal proceedings will not have a material adverse effect on the operations of the subsidiaries.

The summarized financial information of the subsidiaries are as follows:

93	2017			2017	2016
	MMDC	BGRC	AMPI	BARI	MMDC
Current assets	₽681,599,708	P3,004,995	₱27,013	P45,192	P517,879,015
Noncurrent assets	1,854,231,337	689,771,185	445,470,017	480,873,982	1,681,496,615

Balance at end of year	16,679,705	2,580,745	1,437,501	20,697,951	
Net Carrying Amount	₽75,868,517	P2,622,517	₽2,012,499	₽80,503,533	

In 2016, the Company disposed of fully depreciated transportation equipment.

Fully depreciated property and equipment with cost of ₹0.4 million as at December 31, 2017 and December 31, 2016 are still being used by the Company and retained in the accounts.

## 10. Other Noncurrent Assets

This account consists of:

	2017	2016
Deferred input VAT	P3,450,814	₽640,482
Others	74,801	49,801
	P3,525,615	P690,283

## 11. Dividends Payable and Other Current Liabilities

This account consists of:

	Note	2017	2016
Statutory payables		P13,206,443	₽11,473,542
Dividends payable	12	4,707,886	4,955,354
Accrued expenses		290,722	641,845
Others		1,254,018	31,240
		P19,459,069	₽17,101,981

Statutory payables include deferred output VAT, other taxes payable and mandatory contributions. These are normally settled within one month after the end of the reporting period.

Accrued expenses primarily pertain to utilities and settled within the month after the end of the reporting period.

## 12. Equity

#### Capital Stock

Movements in this account are as follows:

	Note	2017	2016
Authorized capital stock - P1 par value			
Balance at beginning of year		P2,000,000,000	₽2,000,000,000
Increase during the year		2,000,000,000	55
		P4,000,000,000	₽2,000,000,000
Capital stock			
Balance at beginning of year		₱1,821,358,599	P1,821,358,599
Issuance during year:			
Issuance	4	1,125,000,000	0.55
Additional subscription from a stockholder		22,730,000	-
Balance at end of year		P2,969,088,599	P1,821,358,599
Additional paid-in capital			
Balance at beginning of year		P212,655,494	₽212,655,494
Proceeds in excess of par value		27,276,000	_
Balance at end of year		P239,931,494	P212,655,494

On December 29, 2017, the SEC approved the increase in authorized capital stock of the Company to accommodate the merger, as stated in Note 1, from 2,000,000,000 shares at P1 par value to 4,000,000,000 shares at P1 par value a share. Out of this increase, a total of 1,125,000,000 of the Company's common shares were issued to BHI and APMPC shareholders at P1 per share.

In 2017, a stockholder subscribed additional 22,730,000 shares of the Parent Company at P2.2 per share with the total proceeds of P50.0 million resulting to P27.3 million proceeds in excess of par value.

In 2017, the Company received an advances from a stockholder amounting to ₹75.0 million intended for future stock subscription.

#### **Retained Earnings**

Cash dividends declared by the Company are as follows:

			Stockholders of	
Date Approved	Per Share	Total Amount	Record Date	Payment Date
				On or after
November 14, 2014	₽0.15	₽273,203,790	December 19, 2014	January 16, 2015
September 19, 2014	0.15	273,203,790	October 1, 2014	October 22, 2014

Dividends payable amounted to ₱4.7 million and ₱5.0 million as at December 31, 2017 and December 31, 2016, respectively (see Note 11).

### 13. Related Party Transactions

Transactions with related parties are summarized below:

2	Transactions during	ransactions during the period ended Outstandin		Outstanding Balances	
Related Parties	2017	2016	2017	2016	Nature
Due from related parties				The state of the s	
Subsidiories	P113,735,362 85,000,000	P102,526,150 85,000,000	P266,439,715 85,000,000	P180,221,353 82,450,000	Working fund Management fee
Under common management	/4 <u>4</u> 2	5,000,000	5,500,000	5,500,000	Service fee
			P356,939,715	<b>₽</b> 268,171,353	

Outstanding balances are unsecured, noninterest bearing, and settled on demand.

## Management Contract

In December 2014, the Company entered into a management contract with MMDC to oversee and supervise MMDC's operations. The management contract shall be effective for a period for three (3) years commencing January 1, 2014. In 2017, the management contract was extended for another three (3) years.

As at December 31, 2017 and 2016, the Company has not provided any allowance for impairment losses for amounts owed by related parties. This assessment is undertaken each financial year through examining the financial position of the related parties and the market in which the related party operates.

### Compensation of Key Management Personnel

Compensation of key management personnel consists of short-term benefits amounting to ₱39.8 million, ₱37.8 million and ₱51.5 million in 2017, 2016 and 2015, respectively.

## 14. Operating Expenses

This account consists of:

	Note	2017	2016	2015
Salaries and allowances		P39,794,531	₽40,499,531	₽54,358,697
Professional fees		13,869,400	13,143,000	37,144,007
Taxes and licenses		12,691,393	719,095	2,614,240
Depreciation	9	6,904,005	7,216,836	7,423,315
Outside services		4,267,156	1,187,151	3,953,949
Dues and subscriptions		3,858,466	2,589,491	2,234,532
Communication, light and water		933,060	923,125	1,060,579
Retirement benefit expense	15	595,534	2,592,799	2,705,201
Representation		257,458	341,377	389,247
Others		4,074,180	2,063,856	3,057,555
		P87,245,183	P71,276,261	₽114,941,322

Others include insurance and transportation, among others.

## 15. Retirement Benefit Liability

The Company has an unfunded, noncontributory defined benefit plan covering all its permanent employees. Under this plan, the employees are entitled to retirement benefits ranging from 50% to 200% of the final monthly salary for each year of credited service. This plan is in accordance with Republic Act No. 7641, which mandates a minimum retirement benefit equivalent to one-half month salary per year of service.

An independent actuary conducted a valuation of the retirement benefit obligation using the projected unit credit method. The latest actuarial valuation is for the year ended December 31, 2017.

The components of retirement benefit expense presented under "Operating Expenses" account in profit or loss are as follows:

<u> </u>	2017	2016	2015
Current service cost	P329,840	₽2,440,063	₽2,573,696
Net interest cost	265,694	152,736	131,505
	P595,534	₽2,592,799	₽2,705,201
		The state of the s	100000000000000000000000000000000000000

The retirement benefit liability recognized in the separate statements of financial position and changes in the present value of defined benefit obligation are as follows:

	2017	2016
Balance at beginning of year	P4,984,902	₽3,086,290
Current service cost	329,840	2,440,063
Interest cost	265,694	152,736
Actuarial gain	(1,502,916)	(694,187)
Balance at end of year	P4,077,520	₽4,984,902

The principal actuarial assumptions used to determine retirement benefit liability are as follows:

	2017	2016
Discount rate	5.60%	5.33%
Salary increase rate	5.00%	5.00%

The plan exposes the Company to actuarial risks, such as interest rate risk and salary rate risk.

Sensitivity analysis on retirement benefit liability as at December 31, 2017 is as follows:

	Change in	Effect on defined
	basis points	benefit obligation
Discount rate	+100	(P180,519)
	-100	237,344
Salary increase rate	+100	235,943
	-100	(185,577)

Each sensitivity analysis on the significant actuarial assumptions was prepared by remeasuring the defined benefit liability at the end of each reporting date after adjusting one of the current assumptions according to the applicable sensitivity increment or decrement (based on changes in the relevant assumption that were reasonably possible at the valuation date) while all other assumptions remained unchanged.

The changes assumed to be reasonably possible at the valuation date are open to subjectivity, and do not consider more complex scenarios in which changes other than those assumed may be deemed more responsible.

The cumulative remeasurement gain recognized in other comprehensive income (loss) follows:

	2017		
<u> </u>	Accumulated Actuarial Gain	Deferred Tax Liability	Net Actuarial Gain
Balance at beginning of year	P2,788,681	(₽836,604)	₽1,952,077
Actuarial gain	1,502,916	(450,875)	1,052,041
Balance at end of year	P4,291,597	(P1,287,479)	P3,004,118

	2016		
A-2	Accumulated Actuarial Gain	Deferred Tax Liability	Net Actuarial Gain
Balance at beginning of year	₽2,094,494	(P628,348)	P1,466,146
Actuarial gain	694,187	(208,256)	485,931
Balance at end of year	₽2,788,681	(P836,604)	P1,952,077

The expected future benefit payments follow:

Financial Year	Amount
2018	₽2,445,076
2019	10,820
2020	13,465
2021	550,785
Beyond 2021	14,722,062

#### 16. Income Taxes

The current provision for income tax represents MCIT amounting to ₹1.7 million, ₹1.8 million and ₹1.7 million in 2017, 2016 and 2015, respectively.

Deferred tax liability amounting to P1.3 million and P0.8 million as at December 31, 2017 and December 31, 2016 pertains to remeasurement gain on retirement liability (see Note 15).

The reconciliation of provision for income tax computed at the applicable statutory tax rate to provision for income tax shown in the separate statements of comprehensive income is as follows:

	2017	2016
Income tax at statutory rate	(P672,624)	P5,619,074
Change in unrecognized deferred tax assets	(591,060)	(14,645,172)
Add (deduct) tax effects on:	201 MESSA CES SESSOCIAL	
Expired MCIT	2,500,000	_
Expired NOLCO	-	10,828,050
Nondeductible expenses	464,615	
Interest income subjected already to final tax	(931)	(1,952)
	P1,700,000	₽1,800,000

Management believes that it may not be probable that future taxable profit will be available against which the deferred tax assets can be utilized. Details of unrecognized deferred tax assets are as follows:

	2017	2016
NOLCO	₽8,090,404	₽8,060,124
MCIT	5,201,000	6,001,000
Retirement benefit liability	2,510,735	2,332,075
	P15,802,139	₽16,393,199

#### Details of NOLCO are as follows:

Year incurred	Expiry date	Amount	Applied	Expired	Balance
2017	2020	₽100,933	₽-	₽-	P100,933
2015	2018	26,867,079	(2)		26,867,079
		₽26,968,012	₽-	₽	₽26,968,012

## Details of MCIT are as follows:

Year incurred	Expiry date	Amount	Applied	Expired	Balance
2017	2020	₽1,700,000	₽-	₽	P1,700,000
2016	2019	1,800,000	· · · · · · · · · · · · · · · · · · ·	<u>1880</u>	1,800,000
2015	2018	1,701,000	-	-	1,701,000
2014	2017	2,500,000		(2,500,000)	.=
		₽7,701,000	P	₽	P5,201,000

#### 17. Financial Risk Management Objectives and Policies

#### General

The Company has financial risk management policies that systematically view the risks that could prevent the Company from achieving its objectives. These policies are intended to manage risks identified in such a way that opportunities to deliver the Company's objectives are achieved. The Company's risk management takes place in the context of day-to-day operations and normal business processes such as strategic planning and business planning. Management has identified each risk and is responsible for coordinating and continuously improving risk strategies, processes and measures in accordance with the Company's established business objectives.

#### Financial Risk Management Objectives and Policies

The Company's principal financial instruments consist of cash in banks, dividends and other receivables (excluding advances to officers and employees), due from related parties and dividends payable and other current liabilities (excluding statutory payables). The primary purpose of these financial instruments is to finance the Company's operations. The main risks arising from the use of these financial instruments are credit risk and liquidity risk. Management reviews and approves the policies for managing each of these risks which are summarized below.

Credit Risk. Credit risk arising from the inability of counterparty to meet the terms of the Company's financial instrument is generally limited to the amount, if any, by which the counterparty's obligations exceed the obligation of the Company. With respect to credit risk arising from the other financial assets of the Company, which comprise cash in banks, dividends and other receivables (excluding advances to officers and employees) and due from related parties, the Company's exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amount of these instruments.

The tables below show the credit quality per class of financial assets as at December 31, 2017 and 2016.

	2017					
	Neither P	ast Due nor Impa	aired			
	High Grade	Standard Grade	Substandard Grade	Past Due but not Impaired	Impaired	Total
Cash in banks Dividends and other	P16,458,379	P-	<b>P</b> -	P-	P-	P16,458,379
receivables*	929,838,726	-	-	-	-	929,838,726
Due from related parties	356,939,715	82			_	356,939,715
	P1,303,236,820	P-	₽-	P-	P-	P1,303,236,820

<sup>\*</sup>Excluding advances to officers and employees amounting to PO.1 million.

	2016					
	Neither P	ast Due nor Impa	ired			
	High Grade	Standard Grade	Substandard Grade	Past Due but not Impaired	Impaired	Total
Cash in banks Dividends and other	₽12,076,380	₽	P	₽-	₽-	<b>₽</b> 12,076,380
receivables*	928,950,569	-	+	~	-	928,950,569
Due from related parties	268,171,353	-		_	-	268,171,353
	P1,209,198,302	P-	₽-	P-	9-	P1,209,198,302

<sup>\*</sup>Excluding advances to officers and employees amounting to P0.1 million.

The credit quality of the financial assets is managed by the Company using internal credit quality ratings. High grade accounts consist of receivable from debtors with good financial condition and with relatively low defaults. Financial assets having risks of default but are still collectible are considered standard grade accounts. Receivables that are still collectible but require persistent effort from the Company to collect are considered substandard grade accounts.

Cash in banks are classified as high grade since these are deposited in reputable banks having good credit rating and low probability of insolvency.

The Company assessed the dividends and other receivables and due from related parties to be of high grade due to high probability of collection since the Company trades only with related parties.

Liquidity Risk. The Company manages liquidity risk by maintaining a balance between continuity of funding and flexibility. Treasury controls and procedures are in place to ensure that sufficient cash is maintained to cover daily operational and working capital requirements, including debt principal and interest payments. Management closely monitors the Company's future and contingent obligations and sets up required cash reserves and reserve borrowing facilities as necessary in accordance with internal policies.

The tables below summarize the maturity profile of the Company's financial liabilities as at December 31, 2017 and 2016, based on contractual undiscounted payments.

	On Demand	Less than three months	Three to six months	Within one year	More than one year	Total
December 31, 2017 Dividends payables and						
other current liabilities*	P6,252,625	P-	P-	P-	P-	P6,252,625
December 31, 2016						
Dividends payables and other current liabilities*	₽5,628,439	<b>P</b> -	<b>R</b> _			62.022.000
other current lidbilities	F3,020,439		¥-	ρ-	₽-	₽5,628,439

<sup>\*</sup>Excluding statutory payables amounting to ₱13.2 million and ₱11.5 million as at December 31, 2017 and 2016, respectively.

#### Fair Value of Financial Assets and Liabilities

Set out below is a comparison by category of carrying amounts and fair values of all of the Company's financial instruments that are carried in the separate financial statements:

	201	7	2016		
	<b>Carrying Amounts</b>	Fair Values	Carrying Amounts	Fair Value	
Financial Assets					
Cash	P16,572,974	₽16,572,974	P12,091,380	₽12,091,380	
Dividends and other				2010 SAA SA 3214 SYSTEM	
receivables*	929,838,726	929,838,726	928,950,569	928,950,569	
Due from related parties	356,939,715	356,939,715	268,171,353	268,171,353	
	<b>₽1,303,351,415</b>	<b>₽1,303,351,415</b>	P1,209,213,302	P1,209,213,302	
Financial Liabilities					
Dividends payable and other					
current liabilities**	₽6,252,625	₽6,252,625	₽5,628,439	P5,628,439	

<sup>\*</sup>Excluding advances to officers and employees amounting to P0.1 million as at December 31, 2017 and 2016.

Due to the short-term nature of transactions, the fair values of the Company's financial assets and financial liabilities approximate the carrying amounts at reporting period.

## 18. Capital Management Objectives, Policies and Procedures

The Company considers its capital stock and APIC aggregating \$\mathbb{P}3,209.0\$ million and \$\mathbb{P}2,034.0\$ million as at December 31, 2017 and 2016, respectively, as its core capital. The Company maintains its current capital structure and makes adjustments to it, if necessary, to provide an adequate return to shareholders by pricing products and services commensurate with the level of risk.

There were no changes in the Company's objectives, policies or processes in 2017, 2016 and 2015

<sup>\*\*</sup>Excluding statutory payables amounting to ₱13.2 million and ₱11.5 million as at December 31, 2017 and 2016, respectively.

## REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTARY SCHEDULE OF ADOPTION OF EFFECTIVE ACCOUNTING STANDARDS AND INTERPRETATIONS

The Stockholders and the Board of Directors Marcventures Holdings, Inc. 4th Floor, Citibank Center 8741 Paseo de Roxas, Makati City

We have audited in accordance with Philippines Standards on Auditing, the separate financial statements of Marcventures Holdings, Inc. (the Company) as at and for the year ended December 31, 2017 and have issued our report thereon dated April 10, 2018. Our audits were made for the purpose of forming an opinion on the separate financial statements taken as a whole. The accompanying Schedule of Adoption of Effective Accounting Standards and Interpretations is the responsibility of the Company's management. This schedule is presented for purposes of complying with Securities Regulation Code Rule 68, as amended, and is not part of the separate financial statements. This information has been subjected to the procedures applied in the audit of the separate financial statements, including comparing such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves. In our opinion, the information is fairly stated in all material respects in relation to the separate financial statements taken as a whole.
